## 7 Challengers VS 3 Incumbents

Some 20,000 Daly City voters will have a chance to cast their ballots for three of 10 city council candidates in the municipal election on Tuesday, April 10.

Voters will go to the polls from 7 a.m. until 8 p.m. Three incumbents—Robert St. Clair, Edward J. Dennis and Michael DeBernardi—are opposed by Harry Farber, Paris Simmons, Sheldon Prezant, George Kirchhubel, Thomas Noonan, Edward O'Haire and Fred Walker.

In the last municipal election of April 12, 1960—6,750 persons voted out of a total of 16,316 registered voters. The Callan annexation vote in August of 1960 brought out more of the electorate, as 10,482 of the 15,507 registered voters went to the polls.

### Cemetery Work Is Underway

A compromise agreement has ended the 27 day cemetery workers strike. In a Sunday vote, members of Local 265 of the Cemetery Workers voted 91-51 to accept a new three-year contract calling for a wage increase of \$18 per week, and improvements in welfare, health and pension plans.

The settlement means that hundreds of bodies that have been stored in Bay Area mortuaries may now be buried.

**SETTLEMENT**  
The agreement was worked out after the cemetery workers had called in Teamsters official Jack Goldberger to help break the deadlock. Goldberger called it "a good settlement," and thanked the public for being patient during the strike.

Goldberger had convened in a series of meetings with cemetery owners and announced the settlement after a two-hour Sunday meeting with cemetery (Continued on Page 2)

of 105 Camelia drive with his wife and three children. He believes that it is important to consider lowering the tax burden and feels a closer relationship between the city government and school district would best serve the area school children.

Robert St. Clair  
Mayor Robert St. Clair is

concluding his first term on the city council. He has thrown his hat into the ring for re-election "and an opportunity to finish several of the important municipal improvements launched during the past four years. St. Clair is the father of four children and resides with his wife, Ann, at 76 Ocean Grove avenue in the Westlake area.

Sheldon M. Prezant  
Sheldon M. Prezant is owner

and president of his San Francisco firm of packaging consultants and suppliers. Prezant resides at 798 Higate drive, Westlake Knolls, with his wife, Norma, and their three children. Prezant is running for councilman to "hold the line on taxes and our hard-earned tax dollars."

George Kirchhubel  
George Kirchhubel, a resident of Daly City since 1906, lives at 71 Mission Circle. Owner of Kirchhubel's Tavern, 6296 Mission street, Daly City, Kirchhubel advocates improved transportation services in Daly City.

Edward O'Haire  
O'Haire is an attorney with the firm of Hagerty-O'Haire-Doyle and Murray of San Francisco. He resides at 107 Maricisco. (Continued on Page 2)

### San Bruno Schedules Straw Vote

In an effort to resolve the San Bruno controversy over the desirability and the location of an east-west freeway, the San Bruno council has voted to conduct a plebiscite of voters.

The proposed freeway, State Highway 229 ultimately to connect Pacifica to Bayshore Freeway, has been endorsed by San Mateo County Development association. It is being opposed by some San Bruno homeowners.

A packed house showed up at the March 28 council meeting after learning that the city council had the power to block a state route by refusing to grant a right of way.

After protest letters were read, the council voted to conduct a vote of the people by mailing ballots to each city water account. City Manager Gerard Verger indicated that about a 50 per cent return can be expected by the April 5 date of the highway hearing.

The council has requested the division of highways to reschedule the hearing for 7 p.m. instead of 2 p.m. to allow working residents to attend.

Mayor Don Rizzo indicated that the council will give weight to both the outcome of the vote, and the petitions of protest. One spokesman said the 2000 signatures will be obtained against the highway.

The state division of highways has indicated that it will comply with the wishes of the council.

### Flying Eggs Cause Trouble

Egg throwing juveniles plagued Jefferson High School authorities and the Broadmoor Lumber company this week, it was reported to Daly City police.

Eggs were thrown on school buses in the Jefferson yard and also on freight cars. On April 2, the Broadmoor Lumber company, 2295 Junipero Serra boulevard reported they were "bombarded" by eggs thrown by juveniles.

Police thought possibly the eggs were taken from Egg Co. Inc., 60 Station ave., where a rear door was found open.

### School Board Action

At the April 2 meeting of the Jefferson Elementary School Board, the trustees took the following actions:

**SALARIES:** Adopted the 1962-1963 teachers' salary schedule. Salary range will be from \$5,000 to \$10,000 in 12 steps.

**BIDS:** Awarded to Peter Sartorio Jr. a \$433,630 bid for the Colma School addition. Bid is subject to State approval.

**COMPLETION:** Filed notice of completion on the Daniel Webster improvement.

**SURPLUS:** Declared as surplus a 1945 Willig School bus that the State Board of Education had condemned.

**RESIGNATIONS:** Accepted resignations from Mrs. Terry Miles, Vista Mar; Mrs. Kate Weiser, Columbus; Miss Peggy Kirk, Lincoln, and Mrs. Sheila Byrne, district nurse.

**COMMUNICATION:** Sent letters to State legislators Richard Dolwig and Louis Francis urging approval of the State school bond issue for the June ballot.

### 3-ALARM FIRE ON PARKVIEW

The second fire in little over a year occurred last Thursday at the home of Mrs. Emma Stabile, 137 Parkview avenue, Daly City.

Four engine companies, one ladder truck, one squad and four fire trucks responded to the three alarm fire.

Captain Keith Schrock of the Daly City Fire Department reported that possible cause of the fire was a flare-up from the fireplace caused when Rosemary Stabile, 12, tried to light a fire. George, 11, re-

(Continued on Page 2)

## Shouting Resounds At WIA Candidates Night

Seven of the 10 candidates for the Daly City City Council met in forum Monday night to speak and answer questions before Westlake homeowners.

First candidate to speak was incumbent Michael DeBernardi who said he would prefer to forego his five minutes speaking time and simply answer questions at the meeting's end.

Mayor Bob St. Clair rose for his turn and spoke out against juvenile delinquency.

"I am a college graduate with four kids and one on the way," said the mayor, and I am concerned about this juvenile delinquency problem." Then he said, "Daly City is a clean town in which to raise your children. We have completely blotted out major vice crimes, though there are isolated instances naturally."

**ASPIRANTS**  
Next to speak was candidate Harry Farber.

Each of the candidates was allotted five minutes to speak. Then there was a rebuttal. Questions from the audience were not allowed until after all the candidates had spoken.

George Kirchhubel rose and talked about old Daly City. He reminisced about the days when Westlake was a cabbage patch.

Paris B. Simmons was the

next candidate to speak. He talked first on juvenile delinquency and said he would shortly produce a report on delinquency in Daly City that "will not make your faces glow with pride." Simmons then one by one read off the points in his platform until his five minutes had lapsed.

Incumbent Edward J. Dennis rose and spoke of the major problems in Daly City that the present council had eliminated: library, firehouse and freeway.

We now have a library in Westlake, a new firehouse in the south end of the city and we steered the freeway out of Westlake, he said. Then he commended three head department chiefs in the city — Ed Frank, city manager; Paul Hupf, city attorney; and Bill Chapman, city engineer.

**QUESTIONS**  
The question and answer period opened with chairman Brown announcing that no personal questions would be answered.

The first non-personal question (Continued on Page 2)

### Westlake Fashion Show Is Saturday, April 7

Westlake Spring Fashion Show will be held out of doors amongst the spring flowers April 7 at 1:30 p.m. in the shopping court of Westlake Shopping Center.

Howard Bean of Casual Aire will be commentator of the glamorous event. Admission is free.

Participating stores will be:

Casual Aire of Westlake; Fern Warner Maternity Store; W. T. Grant Company; Jay Vee Stores; Lass and Laddie Store; H. Liebes & Co.; New England Shop; J. C. Penney Co.; Sue Scott Distinctive Apparel; Westlake Florists; Westlake Jewelers; Westlake TV; Paulson's.

### FALL VICTIM GETS HERO'S RECEPTION

Five year old Gary McDaniels, who was rescued from the sixty foot abandoned well shaft at the construction site of the new Mary's Help Hospital Sunday, returned to Mrs. Heidland's morning kindergarten class at Daniel Webster school on Tuesday and was given a John Glenn type of reception by his peers.

A tape recorded interview was made with most of the children taking turns at questioning, and learning a valuable safety lesson. Gary started off by telling the children they might not be as lucky as he if they fell into the well, and his best advice was to not go near the old abandoned well or any old buildings.

**Obedient Orders**  
He said the two things that saved his life were that he grabbed the pipe to hold onto and did "what the man told me to do."

Mrs. Heidland, on hearing of Gary's fireman style grasp on the pipe which he slid down, holding it with both legs and arms, immediately recalled Gary's active participation in fireman practice during this year's creative activities periods of the children — with fire hats and badges provided by the local fire department.

The "firemen" have been using one of the apparatus on the well-equipped school playground, called by some a

"Jack-in-the-Beanstalk" or a sliding pole, but to the Daniel Webster children, a "fireman's slide." It is a ladder to climb up with a choice of two poles with arms and legs and to slide down. peed and co-ordination developed as the "fire department" lined up for turn-taking and one "fireman" sounded the alarm on a cast aluminum lid with a wooden mallet.

**Firemen's Friends**  
It is likely another factor helping Gary to be calm and trusting when it was required, was that all children at Daniel Webster have been made to feel particularly that the firemen are their friends.

Gary exhibited the few scratches and bruises on his stomach and tended to favor his right leg which he said was afternoon class of six year olds covered with a "big band-aid," that turned out to be an elastic bandage.

The tape recording again provided a safety lesson for the whose chief concern was why Gary couldn't have seen the well and avoided falling.

Gary's answers made it very clear that there was a loose covering which the fireman had nailed down several times before, but which had been loosened, probably by children who had to work very hard to pry it loose.

### Statement Concerning a Political Advertisement Appearing in the March 22, 1962, Edition of This Paper:

There appeared in this paper, in its edition of March 22, 1962, a paid political advertisement relating to Fred J. Walker, the Citizens Committee for Good Government, the Citizens Defender, Noonan and Edward P. O'Haire. This paper, in accepting paid political advertisements for publication, does not sponsor, underwrite or condone the statements and the opinions or conclusions appearing therein; such statements, opinions or conclusions are those of the person, or persons, sponsoring the advertisement.

This paper did not underwrite, condone or approve any of the statements in said advertisement, nor did this paper intend to imply or impugn any wrongdoing, disrespectability or unreliability of any person, including Fred J. Walker, the Citizens Committee for Good Government, the Citizens Defender, Thomas Noonan or Edward P. O'Haire.

**LUCKY WINNER** — Friday night was a lucky one for Herbert McMurty (center, holding baby) 327 Missouri Street, San Francisco, who was the winner of the Pontiac convertible given away by the merchants of

Westlake Shopping Center. Congratulating McMurty on his good fortune are: (left to right) U. R. Kendree, managing director of Westlake Shopping Center; Rudi Richter, president of the Westlake Merchants As-

sociation; Mrs. Florence Tobby, of H. Liebes Company; Michael DeBernardi, Daly City councilman; Mr. McMurty, Mrs. McMurty and their children, and Bob St. Clair, mayor of Daly City.

## UNIDENTIFIED ELECTION CIRCULARS UNLAWFUL

District Attorney Keith C. Sorenson today stated that the writing, printing, posting or distribution of unidentified circulars, pamphlets or posters against any candidate for an elective public office or for or against any measure appearing on an election ballot is a criminal offense. He noted that any such circulars, pamphlets or posters must contain the name and address of the printer and of the person or officers of the organization responsible for it, and that failure to comply with the law would subject violators to criminal prosecution by his office.

The prohibition against such

unidentified material, he said, applies to all elections including the forthcoming city elections and the primary and general elections. He said the only exceptions to the identification of such material were windshield stickers or bumper strips on automobiles, or official election material concerning measures to appear on the ballot.

Many people are not aware that they may subject themselves to criminal prosecution by sending anonymous material to voters. A complaint was made concerning such activity in a recent election in this County and the perpetrator was prosecuted and convicted.

### Parents Without Partners Speaker Slated For April 6

Dr. David Crystal, executive director of the Jewish Family Service Agency, will speak at the April 6 meeting of the San Francisco-Marín Chapter of Parents Without Partners, Inc., 8 p.m. at the Bay View Federal Savings & Loan Association Community Room, 3560 Geary Blvd., San Francisco.

Dr. Crystal has a varied and extensive background in the field of social welfare with special emphasis on personal and relationship problems in family and marriage counseling. Author of the book, "The Displaced Person and the Social Agency," he is currently teaching at the University of California.

Parents Without Partners, Inc., a national, non-profit, educational organization, attempts to answer some of the special problems faced by single parents and their children. Membership is open to any widowed, divorced or separated parents.

### City Officials At W. Wilson PTA Meet

Assistant City Manager Philip Brown, Battalion Chief Spect of the Fire Department, Chuck Vincent, Recreation Director, and Mrs. Delafield, Jefferson Elementary District nurse were the guest panel speakers at the March Woodrow Wilson PTA meeting. These outstanding local citizens discussed community facilities in Daly City and the progress made the last few years. Mrs. Orville Luster,

## Autos Sprayed With Swastikas

Six automobiles in Daly City were spray painted with swastikas and the Star of David this week by juvenile vandals, police reported. The damage occurred in the Santa Cruz avenue area.

The cars were apparently sprayed from an aerosol can, police said. In some cases, obscene writing was scrawled on the roof or hood of the car.

Cars sprayed were parked by Miss Gail Hultgren, 22, 173 Santa Cruz; John C. Pierce, 36, of 184 Santa Cruz; Erma Lucille McGowan, 167 Santa Cruz; Juan J. Velasco, 159 Santa Cruz. A car parked at Guadalupe and Santa Cruz and a station wagon were also sprayed.

president, served as moderator for the group.

Mrs. O. Norman Hayes was elected president for the incoming year. Installation of the new officers will take place at the April 24 meeting.

The Woodrow Wilson glee club sang for the parents. The third and fourth grade students concert was a highlight of the evening.

The Woodrow Wilson PTA voted to have a Parent Teacher Information Course for the benefit of those desiring more information about the work of the unit. The course will start in about two weeks, and is open to the public. Further details will be forthcoming when a teacher for the course has been determined. The unit also voted to contribute \$100 towards books for the enrichment of parents and children of the school.

## Woman Nabbed As Prostitute

Daly City policemen arrested Joyce L. Moore, 25, of 321 Price street, South San Francisco on prostitution charges March 31 following a three week investigation.

The woman was arrested by Inspector James Bergstrom and Lieutenant David Hansen after she approached Sgt. Charles Terry in a local tavern.

The woman posted \$1,575 bail prior to arraignment Thursday in municipal court, South San Francisco. She is also charged by San Francisco police with a parole violation involving prostitution.

This was the second arrest in the past week involving prostitutes. Dolores Wenz, 28, 77½ Hillcrest drive, was arrested on prostitution charges March 21.

### ART TREASURES AT WORLD'S FAIR

Paintings and sculptures valued at tens of millions of dollars will be shown in a series of art shows at the Seattle World's Fair this year, reports the National Automobile Club.

### BIRDS

Three hundred different species of birds are found in the State of New Mexico, according to the National Automobile Club.

## 7 Challengers

(Continued from Page 1) posa avenue with his wife, Theresa, and four children.

### Fred J. Walker

Fred J. Walker heads the "NOW" slate to oppose the incumbent mayor and two councilmen. A former editor of the Call Bulletin, Walker is the father of six children and resides at 255 Palisades drive, Westlake. He is Pacific Coast editor of King Features Syndicate.

### Thomas F. Noonan

Thomas F. Noonan is serving his second term on the elementary school board. An advocate of cutting out unnecessary expenditures in city government, Noonan resides at 4752 Mission street with his wife and three children.

### Edward J. Dennis

Edward J. Dennis, incumbent, has served on the city council for 12 years. The former mayor served at a time when the city took a stand in opposition to State plans for freeway construction through Westlake and other developed areas of the city. Dennis is married and the father of two children, son Edward J., Jr., 23, now serving in the U.S. Army, stationed in Orleans, France, and Carolyn, 20, a junior at San Francisco State College.

### Michael DeBernardi

Incumbent Michael DeBernardi, a 24-year resident of Daly City, advocates a "pay-as-you-go" system of city government. The owner of DeBernardi's service station, he is married and lives with his wife, Patricia, and four children at 198 Lincoln avenue, Daly City.

### Paris B. Simmons

Paris B. Simmons, three-time winner of the Freedoms Award, highest award to an American school teacher, believes Daly City needs more effective type of representative government. Simmons is the author of the book "Trinity Center," a history of Trinity Center, California, and resides at 366 Skyline drive. He teaches reading improvement, literature and eighth grade social studies at Benjamin Franklin School.

## Candidates Night

(Continued from Page 1) tion went to DeBernardi: What was the tax rate in 1950? The incumbent answered that he wasn't on the council in 1950, but that in 1954 it was \$1.42 for the city and that today it is \$1.48.

Question: Who gave permission to send Daly City firemen into Broadmoor to help during the mud deluge?

St. Clair replied that he as mayor did, and that it was part of a mutual assistance agreement for disaster aid in San Mateo County.

### TAX RATE

Question: What is the tax rate in South San Francisco? St. Clair replied that with twice the assessed valuation of Daly City, nearly \$100,000,000, South San Francisco has a tax rate of \$1.56 for city government.

Question: Why didn't the council close the Christen annexation question?

St. Clair replied that the council demands a land use map for any annexation, and that Christen did not produce such a map. That the question will remain tabled until such a map is produced.

"We might even go to the people," said the mayor.

At this point candidate George Kirchhubel asked St. Clair how much the present council had reduced bonded indebtedness from when he was elected until today. St. Clair replied that he did not say that council had reduced it, but that it had done nothing to increase it.

Question: (to Farber) Where should light industry be placed in Daly City?

Farber replied that where there is a will there is a way, and this is a question he would give attention to if elected.

Question: Who writes your speeches?

Farber: For your information it took me five hours to write the speech I gave tonight.

Question: (to Simmons) Where will you put light industry in Daly City?

Simmons replied that to attract industry to a city a city must be attractive to industry, and if the feeling is that industry should be attracted, then a way will be found.

### Bid Opening Set For Thornton Beach Road

Bids will be opened May 2 for an access road into Thornton Beach State Park, the State Highway Department announced to city manager Edward Frank this week.

The \$110,000 project is expected to be completed this summer and will facilitate park use, Frank said. Other improvements will follow in a continuing program of park development.

San Mateo County has turned the park over to the State for State Park purposes.

According to Frank "The quicker the facilities are built at the park the better. When it's completed the state will provide regular park services."

## Cemetery Work

(Continued from Page 1) workers in Colma. "In making the decision the workers had in mind the inconvenience caused to the public," he stated.

### REQUEST

The union had requested an increase to \$25.80 per day. Maurice Fitzgerald, secretary of the local, was not completely satisfied.

"What the union settled for is a reasonable offer. I thought we should have done better. But this is what the men wanted," he said.

The contract calls for an immediate pay raise of \$10 per week, retroactive to March 1, to be followed by \$4 a week increases in March 1963 and 1964.

Fringe benefits will be increased for the workers and their dependents. Health plans will now cover the workers' families. Further, employers will now pay .10 an hour into the pension fund when workers are on vacation, sick leave or on holidays.

A union spokesman indicated that the workers will now be protected from automation. He said that the employers agreed that all work performed by the workers will remain in their jurisdiction.

The Teamsters were not involved in the strike directly, but some members had been idled secondarily. Hearse drivers, particularly had been effected. Services will now begin at Cypress Lawn, Salem, Italian, Holy Cross, Home of Peace, Halls of Eternity, Olivet, Woodlawn, Greek and Greenlawn.

## 3-Alarm

(Continued from Page 1)

ported by calling the police. Two firemen were injured in the blaze, Captain Elwin Greenstrand fell through a weakened roof and damaged his leg. Captain Charles Marshall also received an injured leg.

The residence, owned by Joseph Dunn, suffered a burned out upstairs bedroom, gutted stairway, and damaged roof and dining room.

None of the Stabile family was injured. Five children, Rosemary, George, Linda, 8; Jayne, 7, and Ronald, 5, live in the home.

Damage to the structure was estimated at \$7500; contents, \$1500. The house was insured for \$7,500.

Firemen reported another blaze at the residence in December 1960. Cause was not the same.

# Live it up!

Presenting the cars for the lively life: 3 New Lively Ones from Ford!

### New Galaxie 500/XL!

Start this one and you really start something. Available with Thunderbird V-8 power up to 405 hp (coupled to a 4-speed stick shift), the XL will outperform America's most expensive cars—and do it in a whisper. Standard features include all-new bucket seats with a Thunderbird-style console in between. Being a Galaxie, the XL needs service only twice a year, or every 6,000 miles. That means more time for the lively life. Hardtop or convertible. Definitely not for pedestrian tastes!

### New Falcon Sports Futura!

Here's a hot new number from the compact leader. The tempo starts fast with foam-padded bucket seats and a handy console in between... hits a new high note with a stylish new Thunderbird roof (vinyl-covered if you want it)... then goes into the lively melody of an optional 170 Special Six engine. Economy with a flair is the Sports Futura idea... it's priced below many standard compacts.

# FORD

### New Fairlane 500 Sports Coupe!

Don't flirt with this one unless you mean it. It has foam-padded bucket seats with a console in between... and an all-new optional "260" Challenger V-8 that packs 164 hp. Fairlane's room, ride and performance are big-car in every way. But no other "big car" can compete in Fairlane's price league: with all its big-car features, this new fine car costs less than many compacts.

## Here and There —

By Aitch Peebe

### Vote Tuesday, April 10!

All qualified voters of Daly City are urged to go to the polls on Tuesday, April 10, and cast their ballots in the Municipal election. It is the duty of EVERY qualified voter to take part in this election and make his or her vote count.

With the names of ten candidates appearing on the ballot to fill three vacancies on the city council, it appears that there will be a wide choice not only as to candidates but also as to the "platforms" these various candidates stand for.

In any event it is up to you to vote—no one else can do it for you. YOU choose your city council by majority vote and by that vote YOU set the standards for YOUR city. It is just as simple as that.

So if you are not interested enough in civic affairs to even cast your ballot on April 10, please do not blame anyone for the outcome of the election. If you don't like the final results it may be YOUR fault.

### Retraining Program

Unemployed individuals may be eligible for a retraining course of instruction under the assistance program of the Unemployment Insurance Code depending on the labor market need for the skill or trade to which the retraining course relates, ruled Attorney General Mosk this week.

However, if the unemployed individual is in a skill or trade where reasonable employment opportunities exist, he would not be eligible for retraining benefits.

An unemployed paper hanger, states the opinion, could be eligible to enroll in a retraining course of instruction relating to new techniques and materials provided reasonable employment opportunities no longer exist or have substantially diminished for paper hangers not qualified in the use of the new techniques and materials and provided there is or soon will be a demand for paper hangers with such training. Similarly, the eligibility of a machinist for retraining in another skill, such as a painter, will depend on whether reasonable employment opportunities exist or have substantially diminished for machinists, and whether reasonable job opportunities do, or soon will, exist for painters.

The opinion was prepared by Deputy Attorney General Walter J. Wiesner of Sacramento.

### You Too—Brutus?

An interesting cultural development of the last decade is drinking while watching television, according to the first in a series of reports by the State Health Department on California drinking practices.

Dr. Malcolm H. Merrill, State Health Director, said it is a drinking situation of particular significance because it does not take place in a social setting, although others may be present. Nor can it appropriately be classified as drinking alone, even if no one else is present.

"Perhaps," he added, "it is in a class with smoking, giving people something to do with their hands while they are otherwise occupied."

The Director said this initial report deals with factors related to alcoholic beverage choice and was prepared by Dr. Raymond Fink, researcher in the Department's California Drinking Practices Study. The Study was established in 1959 in the Division of Alcoholic Rehabilitation through a grant from the National Institute of Mental Health.

Purpose of the studies, explained Dr. Merrill, is to determine the normal drinking patterns and habits of Californians so that the "abnormal" patterns can be determined and realistic programs of prevention designed.

According to the report, although some men claim they only "drink to be sociable," most of them indicate that what they drink is also a matter of sociability. Where they drink, at what time, and how they drink with—more often than their own taste in alcoholic beverages—will determine what drink is selected.

### Deep—Deep—Deep!

According to the March, 1962, issue of U.S. Naval Institute Proceedings, "A revolutionary, deep-diving aluminum research submarine, designed to explore the ocean depths almost three miles down, is under construction . . . with launching scheduled for 1963. . . . With only about 2 percent of the ocean's bottom topography adequately recorded, there is a pressing need for a research submarine that will provide operational familiarity with the undersea environment at great depths. 'Aluminaut', as the undersea vessel is called,

## COUNTY DOINGS

by JACK WOOD

San Bruno has a traffic problem . . . one that is getting worse every year.

The current anti-freeway move conflicts with plans to construct a freeway, Route 229. During rush hours, traffic barely crawls along, bumper to bumper. Housewives using San Bruno avenue must tangle with dirt trucks, airport taxis and all other types of traffic. Freeway plans were approved Tuesday, April 3, by the board of supervisors. Route plans will be determined April 5 by the State Highway Department.

Supervisor T. Louis Chess, who is presently serving on the San Mateo County Board of Supervisors, has launched his county-wide campaign for re-election on June 5. His campaign area chairmen include Peter J. Markovich, first district.

San Mateo County's 1962 Cancer Crusade had its kickoff luncheon at the San Mateo Elks Club March 30. City, county and state officials will aid the drive to raise \$150,000 in the county this year.

San Mateo supervisors have decided the future of Coyote Point land once owned by the county. Since giving 10 acres of the College of San Mateo property to the government 20 years ago, the county has acquired title to all the surrounding land and now owns nearly 400 acres, including all the point and a chunk of bay bottom.

The board of supervisors has approved an agreement with San Bruno for fire protection in Westborough subdivision.

The agreement calls for service in Westborough equivalent to that provided in the city. The contract will be for one year and may be nullified if Westborough is ever annexed to a city or is included in a fire protection district.

Mayor George Christopher of an Francisco did some budget cutting last week.

The mayor sliced away at the International Airport budget, cut 80 new jobs from the budget and sliced off three of a four-man delegation scheduled to make a convention trip to Honolulu.

## PROCLAMATION

WHEREAS, the first Saturday in May of each year is designated "Fire Service Day," and

WHEREAS, the Fire Department of Daly City, California, will hold open house at three fire stations, located at 151 Lake Merced Boulevard, 499 Santa Barbara Avenue, and 191 Edgemont Drive, on this day, and

WHEREAS, the Fire Department will hold a demonstration of fire apparatus and equipment in the Westlake Shopping Center from 10:00 a.m. to 1:00 p.m. on this day, and

WHEREAS, firemen will be on hand in these places to enlighten the public on fire service,

NOW, THEREFORE, I, Robert St. Clair, Mayor of Daly City, do hereby proclaim Saturday, May 5, 1962, as FIRE SERVICE DAY in the City of Daly City, and urge all residents and citizens of Daly City to take this opportunity to better inform themselves of the services offered by the Fire Department of Daly City.

DATED this 3rd day of April, 1962, in the City of Daly City, County of San Mateo, State of California.

ROBERT ST. CLAIR, Mayor.

## Central American Education

For people living in a Democracy such as ours, it is rather difficult to foresee how easy such a Democracy may be turned into a dictatorship, as happened in Nicaragua. Perhaps looking back at a part of Nicaraguan history may well point out some obvious trends which will assist in our making decisions that will never allow such a happening to occur here.

The Somoza regime in Nicaragua developed from the power of Anastasio Somoza, while he was chief of the National Guard. He made a pact with his opposition leader, then, it is alleged Somozas henchmen assassinated him, in order that Somoza could gain control of the government. He was appointed President of Nicaragua in 1937.

During his first reign, from 1937 to 1947, he was successful in crushing all political opposition, immediately took steps to halt the labor movements, banned social welfare activities with the result that the economic development was brought to a halt. These moves gave him a powerful machine with which to rule his country.

As a gesture, he retired from office in 1947, but had himself appointed Minister of War, where he controlled and ruled with a firm hand the new president, in a puppet form of government. When the president died, he again had himself appointed by Congress of Nicaragua, President.

The Constitution requiring an affirmation of such appointment, he issued cards to voters that became necessary to have if in government employ or most non-government positions. The polls were heavily guarded by the National Guard. There was little choice for the voter, but to vote as directed.

With just this brief background, one may readily see in operation how vulnerable a nation is when it lacks strong leadership. Freedom when lost is not easily regained. The desire for power rather than welfare of the people becomes the rule of the land. In turn the country suffers, the economy stops, progress and initiative grinds to a halt. This must never happen in the U.S.A.

should be able to do this, for the craft is designed to operate at a depth of 15,000 feet. . . (and) is expected to provide valuable information for combat submarines designed to operate at great depths."

## The View From ..Behind The Badge

Written and Edited by Daly City Police Department

The cop complains . . .

about hackneyed newspaper phrases . . . Why "Minions of the law"? Minion is a term of contempt, meaning a favorite, fawning, servile follower. Let's face it — the policeman is not a favorite of the law. Far from it; he is probably more subject to the law and its various interpretations than is any other citizen. And there are interest groups who fall to with alacrity to see that the policeman stays under the law, and does not rise above the law.

Also, we have not seen many officers who can be described as "servile"; if they are at fault, it is more likely to be in the other direction.

And why "helmeted and booted motorcycle officers"? These articles being parts of the prescribed uniform, whatever else can the motorcycle man possibly wear? Bear in mind, you of the Fourth Estate, that it takes more than headgear and footwear to make a gesticulating — which is the obvious comparative to "helmeted and booted."

The prolific gendarmes . . . Police Department parents boast of 107 children.

Rank and file . . . Uniformed personnel (both male and female) range in experience in police work from a few months to over twenty five years. Citizens can discern the number of years service of an individual officer by glancing at the lower left sleeve of the uniform coat or shirt. Patrolmen, Sergeants, and Matrons will sport a blue and white service stripe, of the "hashmark" type, for each five years of completed service in this Department.

Departmental administrative officers display their length of service in the same manner, except that the service stripes are gold in color.

"Chief of Police" is the title used to designate the chief administrator and director of the Department.

"Captain" is second in command of the Department. He is a commanding officer in the police sense. The title stems from the military, and was originally used to designate the person who commanded a company of men at arms.

"Lieutenant" is the title of either a Patrol Division platoon commander, or of the head of the Investigation Division. This is also a military term, and actually means "one who performs in place of." Thus we have heard of Lieutenant Commander, Lieutenant General, Lieutenant Colonel. In this case we are speaking of a "Lieutenant Captain." Simplicity and practice have resulted in the title being shortened to, officially, "Lieutenant."

"Sergeant" usually refers to a foreman or supervisor. Most of our Sergeants are Patrol Sergeants, who function on the street both on patrol and as supervisors of the beat Patrolmen. There is also one Sergeant assigned to the Investigation Division.

This is also a title which has been borrowed from the military. "Sergeant" stems from the Latin "servire." Originally it was used to describe a soldier who was a cut above the ordinary fighting man but who had

not attained knighthood, usually because of lack of wealth. The latter remark does not apply to Police work. A "Sergeant" is presently, as in olden times, thought of as a dependable veteran.

"Patrolman" is the title of the man who is the basic unit of patrol, which is the basic function of police work. This is a non military title, and we believe it to be peculiar to police work. The title describes what the person does—he is a man who patrols.

The word "Patrol" comes from a French word which means "to walk through water." Patrolman occasionally reach this state literally.

In metropolitan police work, the act of being on patrol can range from a very pleasant walk or drive to the other extreme paralleling the municipal jungle populated with psychotic and criminal denizens of every sort; at times the municipal jungle is every bit as hazardous to patrol as was the Guadalupe jungle.

PERSONNEL GLIMPSES . . . Mrs. Muriel Mermon has completed two years with the Department. This Typist Clerk II is employed in creating typewritten reports from the officer's voice recorded reports. Muriel is the mother of a son. Husband Walt is also a city employee.

Officer Neil Hammermann has completed one year with the Department. Neil and wife are now Daly City residents. Hammermann recently completed recruit training at the San Mateo County Police Recruit School. He is presently undergoing a course of training which has him alternating on all platoons, working a radio car patrol section.

Lieutenant Dave Hansen now has thirteen years with the Department. He is presently assigned to the Investigation Division.

## Letters to Editor

### Father Thanks Men In Rescue Operation

I should like to publicly express my feelings of thanks, admiration and appreciation for the teamwork of Daly City individuals responsible for saving the life of my daughter, Teresa, on March 17.

Teresa, barely two weeks old, was choking to her near death. A call was placed on our City Hall, where the operator instantly dispatched a rescue team. Members of Daly City's first class fire department arrived within less than three minutes with necessary equipment to revive the baby, who had turned blue despite efforts of my wife and mother to revive her.

Mercy ambulance service on the direction of Dr. R. Gobarr rushed Teresa to St. Luke's Hospital with escorts of Daly City's and San Francisco's police.

No amount of praise can describe the total efficiency of these fine people.

Thank you,  
Michael L. Cintl

## Food For Thought

By the Daly City Ministerial Association

Dear Friends in Christ:

"For by Grace you are saved, through faith."

Those of you who have ever sailed in destroyed know that they are tough and wiry little ships—often under the water as much as they are on top. Destroyer sailors like to argue that they ought to get "submarine pay." Sleek and fast, ghostlike sometimes, they are called "greyhounds of the sea." One of the destroyers I rode for a time was commanded by a skipper who enjoyed "arguing" religion as much as he enjoyed leaving the other ships in the division behind on a speed run. One day he came into the water, poured a cup of coffee, sat down, and as he idly stirred his "mud" he asked, "Padre, what's the most important word in religion?" I thought a moment and then answered, "Grace." "Nope," he said, "you're wrong. It's faith." And so we passed the time debating the subject.

I insisted "grace," the undeserved mercy, the favor of God toward us, had to have the prior emphasis. Why? Because without grace there would be nothing in which to have faith. Grace gives us the object for faith; it is that mercy of God toward which our faith is directed. Faith is the result of grace. Except for grace, we could not have faith, proper faith, that is. Faith doesn't earn grace, but grace fosters faith. Faith doesn't cause anything—it lovingly trusts in and embraces that which God has caused.

Of course, grace and faith go together. They cannot and should not be separated. Grace generates faith in the mercy of God just as a fire generates heat.

Perhaps our discussion didn't settle anything. A lot of debates on small ships far at sea don't settle anything. But they help; and it's a fine thing to debate, whether on a ship at sea, a bus, in the car going to work or over the kitchen table with family or friends.

God's grace gave His Son that you might have life in His name. To trust in the promise, is faith. God has granted it to you.

Yours in Christ,

Pastor Jesse W. Thompson  
Westlake Lutheran Church  
222 Avalon Drive, Daly City

## Town Calendar

Wednesday, April 4

- 7 p.m. — Traffic School, City Hall.
- 9:30-noon — Bridge play and nursery, War Memorial Community Center.

- 10-11:30 a.m. — Tiny Tots, Westlake Park Clubhouse.
- 3:30-4:30 p.m. — Tap, Westlake Park Clubhouse.
- 7-9:30 p.m. — Boy Scout Troop 63, Westlake Park Clubhouse.
- 8 p.m. — City Council meeting, City Hall.

Tuesday, April 10

- 7-7 p.m. — Municipal Elections.
- 3-5 p.m. — Girl Scout Poster Judging Contest, War Memorial Community Center.
- 3-5 p.m. — Brownies, War Memorial Community Center.
- 7:30-10 p.m. — Chess Club, War Memorial Community Center.
- 10-11:30 a.m. — Tiny Tots, Westlake Park Clubhouse.
- 2:30-3:30 p.m. — Basic Dance, Westlake Park Clubhouse.
- 3:30-4:30 p.m. — Ballet, Westlake Park Clubhouse.
- 7-8:30 p.m. — Boy Scout Troop 248, Westlake Park Clubhouse.
- 7:30-9:30 p.m. — Ballroom Dancing, Westmoor High gymnasium.
- Holy Angels Guild monthly meeting OLM parish festival, parish hall.

## Something For Everyone

by Samuel Chandler

Shortly before the completion of the Westlake Library, Mayor St. Clair told me that he and his fellow city councilmen desired to improve the facilities and the services of the library at 6351 Mission street. I reported his desires to the Library Commission and that body formulated plans that were incorporated in the Library's budget requests and were subsequently approved by the city council.

To date the building has been repainted inside and out. The tables and chairs have been refinished. Old stacks have been straightened and repainted. Some new book cases have been added. New legs have been purchased for the card catalog. A new display board has been placed in service.

Plans call for replacing the worn out heaters with an up to date heating system and for purchasing new stacks.

To make the collection of books more valuable the entire holdings are being evaluated. Out of date material is being replaced with new books. Worn books are being rebound or replaced. More timely reference works are being added.

As the project continues the City Councilmen have made suggestions that have been incorporated in the Library Commission plans. One of these resulted in renaming the library after the donor of the property upon which the library sits. Hence it is now the John Daly Public Library.

### SSF Women's Club To Hear Chairman

Mrs. L. F. Baisinger of Bakersfield, Federation of Women's Clubs' state chairman of religion, will be the guest speaker at the meeting of the South San Francisco Woman's Club on Thursday, April 5.

Her talk is entitled "Little Grains of Sand." The meeting will be preceded by refreshments at 12:30 p.m.

Some items of new business on the agenda include election of officers and delegates to conventions of Golden Gate District at San Francisco and CFWC at San Diego.

The crafts section, under the chairmanship of Mrs. R. N. Whitehead, will serve refreshments.

### June Primary Registration Deadline Set

Last call for registration for June Primary.

April 12 will be the last day for registration for the June 5 primary election, John Bruning, county clerk, cautioned today.

Well over 7000 people from Daly City and the north county have registered during the past two weeks. Registration booths will be open on the days and for the hours as posted in the following places:

Daly City city clerk's office, Mayfair Market, Skyline Market, Skyline Plaza Market and Westlake Food Center.

## Local Firms At Home Furnishings Exhibit

Two well-known Daly City shops, the Westlake Maple Shop and Richter's Interiors, will be among more than 150 exhibitors at the California Home Furnishings Exposition to be held at Brooks Hall, San Francisco, April 7-15.

"A Return to Elegance" is the theme behind the exhibit by Richter's Interiors. High quality, but competitively priced, Italian Provincial furniture will produce an aura of elegant living in the living room-dining room combination. Lavender walls and carpets will be complemented by contrasting upholstery and accessories in white and purple with an accent of lime green.

Advanced early American furniture will be exhibited by the Westlake Maple Shop in a living room-dining room combination. The dining room set is by Cushman Colonial and features a sawbuck table. A homelike atmosphere will be created in the living room by a bellows coffee table and a Captain's chair with a carved eagle forming part of the back.

During the California Home Furnishings Exposition, which is the first such event ever held in the Bay Area devoted ex-

clusively to showing home furnishings on a consumer level, a grand award of a white Lincoln Continental or if preferred \$5,000 in cash will be made.

With "Furniture Fashions and a design for Better Living" as its theme, the Exposition, totally different in concept from the usual "Home Shows," will feature the newest and best in the complete range of home furnishings — rugs, furniture, drapers, accessories, etc.

The new furniture lines will be displayed in brilliantly conceived and executed room settings, which show producer John Owen hopes will give visitors hundreds of ideas which they can adapt to their own manner of living and income bracket.

The Exposition will be open daily from 12 noon to 10 p.m.

### GOOD BRAKES

Drivers who have good brakes get good breaks in traffic situations, according to the National Automobile Club.

**GUESTS ARE EXPECTED**—Members of Golden Gate Kindergarten Aux. are busy housecleaning from the attic to the swimming pool in anticipation of the arrival of the many visitors who have been invited to the gala champagne preview of the first Annual Home Furnishings Exposition to be held in

California, Friday evening, April 6 at Brooks Hall, Civic Center. From left are Mrs. Mary Freedman, Mrs. Raymond Perkins and Mrs. Richard E. Spaw. More than 150 different rooms in every style for every room of the house will be assembled. Guests will see "Celebrity Rooms," honoring

outstanding local and national figures, an "International Carpet Show," a "Fabrics of the World" exhibit, "A World of Color" demonstration, an "Antiques Fair," and an appliance pavilion featuring "Kitchens of Tomorrow." Many of the furnishings are just of the drawing boards and have never been available to the public. Tickets for the champagne benefit are available at \$2.50 each from Mrs. Stacy Mettler, Jr., LO 4-1920 and Mrs. Murray H. Freedman, PL 5-8981. Proceeds will aid the Stanford and Phoebe Hearst Nursery Schools operated by the Golden Gate Kindergarten Association. These schools provide complete day care for needy children.

## OLM Space-O-Rama Plans Are Made

The days of the Westlake "SPACE-O-RAMA," at the Our Lady of Mercy parish hall, are fast approaching and plans at this time are ahead of schedule and beautifully coordinated to provide four days of orbital enjoyment for the thousand who will attend this fabulous annual festival.

The theme "SPACE-O-RAMA" could not be more exciting nor more current. Under the direction of Edward Cuevas, the parish hall will be transformed completely, not a trace of "parish hall" will be seen. Instead, upon entry, the visitors to the Festival will step into "space" with all its wonder and glitter.

One of the highlights of the decor will be a "world," 20 feet in diameter, suspended from the ceiling and which will make one complete turn an hour.

Assisting Cuevas in the preparation and operation of this giant globe are Dario Baciocco and Frank Kelechava. William McGourty will direct all booth construction for the four day event.

Dino Tonelli, the general chairman, announces that the floor chairmen are Mrs. Philip Fraher and Al Swadley. There will be twenty booths to delight the young and not-so-young.

Even the names of the booths add to the fun and complement the theme—the grad-bag booth will be "Reach For A Star," the garden booth is "Celestial Gardens," the panda booth is "Moon Critters," the teen-age booth is "Way Out," and many more, all adding to the spirit and enthusiasm reflected by the parishioners.

Watch this newspaper for more exciting information

about the Our Lady of Mercy of Westlake "SPACE-O-RAMA" on May 3, 4, 5, 6.

### Mark Harris Will Guest At DC Library

Daly City Friends of The Library, and the Daly City Library through its librarian Samuel Chandler, are cordially inviting all interested persons in the community to be present at a special observance of National Library Week.

A reception will be held at the Westlake Library on Sunday, April 8, from 3 to 5 p.m. Honored guest at this occasion will be Mark Harris, distinguished author and playwright, currently professor of English at San Francisco State College.

Harris says of himself that he is a storyteller who has written novels about soldiers and ball-players, and that he is not a sociologist or psychologist. His intent is not to educate or reform, Harris' many published works, in addition to his novels, include essays, reviews and stories published in national magazines.

One of his novels, "Bang The Drum Slowly" was adapted for television production. Last season his play "Friedman and Son" was presented in San Francisco by the Actors Workshop, and another play "Something About a Soldier" recently had a run on Broadway in New York.

Those who have not yet visited the new Westlake Library

## SF STATE PRESENTS 'ORPHEUS'

The Pacific Musical Society in connection with the San Francisco State College is host at a special advance performance of Jacques Offenbach's "Orpheus in the Underworld" in the main auditorium of the Creative Arts Building on Thursday, April 5. Mrs. Edwin Hesselberg is president of the society which joins with the State College for the third year to present the spring musical offering.

Among those in the receiving line in the foyer of the auditorium who will greet the attending guests arriving before the 8:30 curtain are: Mr. and Mrs. Edwin Hesselberg, Mr. and Mrs. Norman Fromm, Mr. and Mrs. Roy Goodman, Mr. and Mrs. John Hagopian, Mr. and Mrs. Jesse Koshland, Mr. and Mrs. Carlos Dorr and Mrs. Louis Werth.

A reception follows the performance in the Garden Room of the San Francisco State College. Among those who will pour at the fête are Mrs. Willard Abel, Mrs. Robert Wise-carver, Mrs. Marcus Gordon and Miss Marion Sinton.

Among the members of the State College faculty and administration staff who will be present include: President Frank Fenton, Vice-President and Mrs. Leo F. Cain, Dean and Mrs. Samuel C. McCulloch, Dr. and Mrs. J. Fenton McKenna, Dean and Mrs. Harry E. Brakehill, Dr. and Mrs. Stanley F. Paulson.

### Hillside PTA To Hold Rag Drive April 13

Hillside PTA of Colma K-6 and Colma Intermediate Schools will hold its annual rag drive on April 13. Bags in which to place the rags will be sent home with the students shortly before the collection date. Parents are asked to save their discarded cottons and woolens and send them to school with their children.

## WESTLAKE STUDENTS HEAR A SKIN DIVER

"Until 1951, skin divers wore only a mask and a snorkel—and they had to hold their breath to dive down for abalone."

This was one of several revealing facts told by Ed Braly, professional skin diver, in a talk recently before Westlake School students.

Braly, who operates the San Francisco Skin-Diving School at Marine's Memorial, illustrated his remarks with a color movie, "Scuba Safari," detailing techniques and safe diving procedures.

"The realm of skin diving has come a long way since the mask-and-snorkel era," he said. "Thanks to better techniques and equipment, a skin diver can dive as much as 1000 feet in the ocean, as compared to some 200 feet ten years ago."

"In the next 100 years man will explore and harness underwater sources for his own welfare," he told his fascinated audience. "One hundred years ago, people couldn't imagine

agricultural machinery making use of sea products."

Braly, who is also under contract with Army engineers as an underwater surveyor in the preparation of breakwater sites, knows what he is talking about.

He is currently working with N.A.S.A. (National Aeronautics and Space Association) in the critical struggle for human survival in future space explorations. Braly dives for sea urchin eggs, which are used by NASA research scientists to determine the role of cell division of organs in space.

Following his talk, Braly answered numerous questions concerning sharks, how to learn skin diving, the nature of kelp and other sea vegetation, and safety-first.

He closed his talk with his opening theme — safety — first must be learned and followed under proper guidance and help. "skin-diving," he warned "is something you can't do by yourself. If you want to learn, go to a skin-diving school."

**THROUGH THE EFFORTS** of Mrs. Muriel Vint, music co-ordinator of the Jefferson Elementary School District, the students of the Westlake School spent an enjoyable afternoon attending one of the four symphonic youth concerts at the

### PARENTS AWARD

The class with the highest percentage of parents at each PTA meeting at Christopher Columbus school will win the PTA blue and white pennant to hang in their class room for one month.

The meeting held on March 21, had a large turn out. Mrs. Schneider's first grade class won the pennant, with fifty per cent parent turn out. The pennant was presented to Mrs. Schneider by Mrs. Messerian.

### Olympia School

Mr. Bob, with his friends Happy, Lester the Lion, and Leroy the Dragon are coming to Olympia School on Wednesday, April 18, with a whole new show. There will be two performances at 1 p.m. and at 2:15 p.m. in the multi-use room.

Tickets are 50 cents and may be purchased at the office of Olympia School; but hurry! There are only a limited number available and Mr. Bob's last show at the school was a complete sellout. He has promised a whole new show even bigger and better than the last one!

The performance is sponsored by the PTA and ice cream will be sold after each performance.

Mr. Bob and his friends are the stars of the "Mr. Bob Show" which is seen each week-day at 5 p.m. on KTVU, Channel 2.

### Safety First At Jeff High PTA

Jefferson High School PTA has planned an interesting program around the theme: Safety First, for its April 12 meeting at 8 p.m. in the school cafeteria.

The chief speaker of the evening will be H. R. Carter of the Argonaut Insurance Company.

Safety chairman, M. Plansky, will be featured. Installation of new officers for 1962-63 will take place.

All friends and PTA members are invited to attend the meeting. Refreshments will be served.

Jefferson PTA Executive board will hold its meeting Thursday, April 5, at 8:00 p.m. in the faculty room.

### Guide Dog Treat

A special treat was arranged for students of Mrs. Kazakoff's and Mrs. Katsaros' third grade classes and Miss Johnson's fifth grade class as part of their studies of light and sight when Mr. Henegar, trainer from Guide Dogs for the Blind in San Rafael, brought one of his trained Golden Retrievers to demonstrate procedures used in helping the blind to Thomas Edison School on March 30th. Retriever "Blixon" willingly obeyed his trainer's directions, picked up fallen objects and guided Mr. Henegar skillfully around the stage of the multi-use room.

In addition to this superb display of canine skill a film entitled "Gift of Sight" traced the progress and growth of a German Shepherd puppy from early stages of training through the period as a 4-H pet to final intensive education resulting in a full-fledged Seeing Eye Dog.

Henegar concluded this excellent program by permitting the students to pet Blixon and allowing his guide dog to lead him from the auditorium, and as trained, out the same door through which he entered.

Students who attended were impressed by the intelligence of these dogs.

Arrangements for the visit were made by Mrs. Connie Tamley, School Nurse. Plans have been made to repeat the demonstration at a later date for more students.

### Off To The Zoo

"Let's go to the zoo!" the five and six year old kindergartners of Classroom B, Abraham Lincoln Elementary School, shouted—and so they went, eighty strong, on Thursday, March 29th. "May we go, too?" pleaded the mothers—so they joined the two classes—seventeen mothers for a day with the animals.

Two Greyhound busses transported the happy crowd and four large boxes containing bags of lunch accompanied them.

After visiting the monkeys, bears, lions, elephants, and other caged animals, "When do we eat?" won the day. After eating a picnic lunch at the tables, occurred the climax of the trip — tossing food to the hungry seals.

The mothers accompanying the classes were: Mrs. Leonard Begun, Mrs. Albert Fiore, Mrs. George Frecker, Mrs. William Kennedy, Mrs. Jean McNab, Mrs. Ruth Stoklosa, Mrs. Richard Philbert, Mrs. John Post, Mrs. Benno Wahler, Mrs. James Caldwell, Mrs. Emmanuel Decosta, Mrs. Francis Hunt, Mrs. Fred Pardini, Mrs. Robert Peterson, Mrs. William Schuler, Mrs. Rudolfo Vasconcelos and Mrs. Louis Martinelli.

## Your Council Incumbents Are Working For A Better Daly City

— CONSIDER THEIR PERFORMANCE AND POLICIES

### TAXES

At \$1.48 per \$100 assessed valuation, Daly City's tax rate is as low as is consistent with sound business practice and is one of the lowest in California for cities of comparable size.

### BUDGET

Balanced and well within the limits of efficiency and economy; provides for an extensive capital outlay program.

### BONDED INDEBTEDNESS

A "pay-as-you-go" policy has kept Daly City's bonded indebtedness to less than one per cent of capacity—the lowest for any city in California.

### LAW ENFORCEMENT

Daly City's police department is second to none in the state. Its requirement of 212 hours of training for new officers is well above the 160-hour standard set by the State Legislature. A new reporting system has been adopted, latest police aids have been acquired and in-service training programs which keep officers abreast of advances in traffic control, enforcement and scientific detection have been instituted. The department operates efficiently and effectively with one half the number of men per capita required in San Francisco.

### FIRE PROTECTION

An efficient, highly-trained fire department with modern, carefully-maintained apparatus and supported by a well-trained volunteer organization has established an enviable record. Continuous house-to-house inspection in conjunction with an intensive fire prevention program and effective fire fighting techniques have kept losses to a minimum. A recent survey by the National Board of Fire Underwriters improved the city's insurance rating and resulted in savings to taxpayers.

### ADMINISTRATION

A new city manager was selected on the basis of qualifications, experience and background and without political consideration. He has brought unprecedented stability and efficiency to city administration; prepared a balanced budget; developed a new civil defense program; instituted in-service training and indoctrination programs for city employees. He has the respect and confidence of these people. Authorities in municipal affairs rate the Daly City manager among the best in California.

### FISCAL MATTERS

Under direction of the incumbent city council, the Daly City Finance Department has streamlined water collections, has taken charge of city purchasing and inventory control, has installed cost control accounting and has set up a reporting schedule which keeps city administration constantly informed on the city's financial status.

### FORM OF GOVERNMENT

Daly City, as most cities, operates under the general laws of the State of California. Repeated studies have been made by local groups to determine whether any advantages would accrue to the taxpayers by adopting a charter form of government. The findings thus far have favored continuing under the general law. Your city officials have open minds on this matter and are prepared to make those changes that will be for the benefit of the entire city.

### ANNEXATIONS

The incorporation of adjoining properties into Daly City is a continuing prospect. The advantages and disadvantages of each proposed annexation must be carefully weighed. When expert studies show the city will benefit by extending its boundaries such action will be taken after being approved by the voters.

**KEEP DALY CITY PROGRESSIVE . . . AND MOVING!**  
**RE-ELECT APRIL 10th**  
**DE BERNARDI—DENNIS—ST CLAIR**

Sponsored by the Daly City Committee of 5000,  
John B. Drye, Lowell E. Durham, Edward R. O'Donnell, Co-chairmen

# Final Work Underway On City Projects

Water maintenance man Al Bender stands beside 200 horsepower verticle turbine pump inside Niantic street pumphouse. The pump has 1,500-gal-per-minute minimum capacity.

Work is three-quarters complete on \$31,400 Lincoln Park Clubhouse.

Water pressure is increased with laying of mile-long San Diego street water main at cost of \$50,875.

Exterior of pumphouse at Citrus and Niantic. The \$143,504 project will be completed April 20.

Six city projects—resurfacing streets, Citrus Pump House, San Diego street water main, Lincoln Park Clubhouse, Northridge Park parking lot and Westlake Sump improvement—were completed or nearing completion this week, city engineer William Chapman reported.

## RESURFACING

The 1962 street resurfacing of Bellevue avenue, Peoria avenue, Hanover street, Brunswick street, Irvington street, Evergreen avenue, Wellington avenue and Crocker avenue will be completed this week.

## PUMP HOUSE

Citrus Pump House—a \$143,500 project—is three quarters completed. Also advancing into final stages is the Lincoln Park “vandalproof” clubhouse.

## WATER MAIN

The San Diego street water main extends over a mile. The \$50,875 project starts at the Citrus and Niantic pumphouse continues north on Niantic, east on South Parkview to San Diego, north on San Diego to Hillcrest and east on Hillcrest, ending at Mission. Size of the main is from eight to 14 inches.

Engineer Chapman said the new main will protect that end of the city with a sufficient water supply for fire protection. It corrects a deficient situation where firemen were complaining of the low water supply.

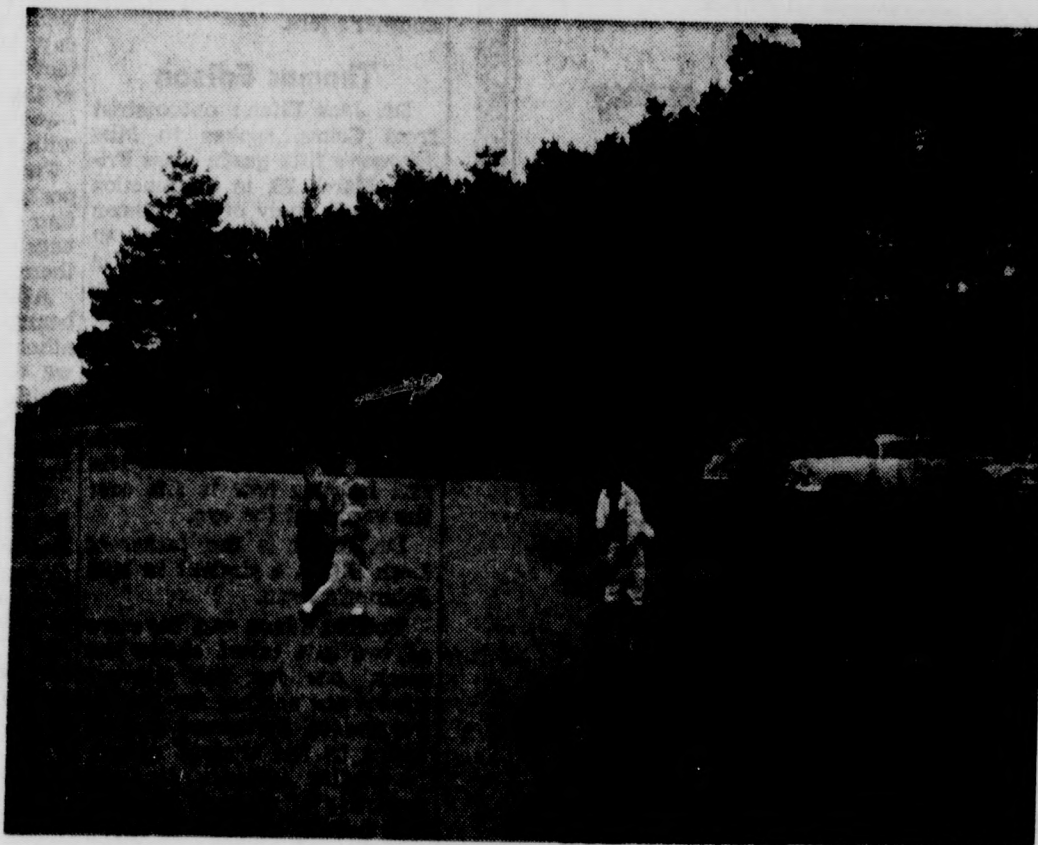

## PARKING LOTS

Residents are happy with the \$2,000 paving of Marchbanks Park parking lot. The lot will hold 57 cars and is located at west end of park, adjacent to the Southern Pacific Railroad tracks.

Also completed is a \$4,633 paving project at Northridge Park parking lot and \$4,040 project to improve the Westlake sump. The sump area will be graded and paved, correcting an “unsightly condition,” according to assistant engineer Ed Dominion.

Workmen are busy as bees at sites of the Citrus-Niantic pumphouse and Lincoln Park Clubhouse, near completion. The clubhouse cinder block walls are up and interior work is well under way.

The roof of the pumphouse will be constructed next week. Electric work, pipe work and plumbing is almost complete.

Children play on new asphalt at Marchbanks Park parking lot.

Asphalt paving is laid on Peoria avenue, as roller follows up. The work is part of \$31,118 resurfacing project for 1962.

# DC POLITICAL PARADE

Robert B. St. Clair

THE RECORD—Thursday, April 5, 1962

7

## George Kirchhubel

As the coming election nears its completion, I am happy to have met so many old friends and made so many new ones.

I am proud of the way my campaign has been conducted.

I have not, and will not, vilify or attack any candidate personally who aspires to this office.

My platform states what I believe is in the best interest of the City.

I have a deep respect for the nine men besides myself who seek your approval in this election. I have been treated decently by all of them. The city is fortunate in having a choice of citizens of this caliber.

And now that all the fanfare and ballyhoo is nearly over, it comes time for your decision.

I can assure you that if I am elected I will do my very best for this city that has been so good to my family and myself.

## Michael DeBernardi

Councilman Michael DeBernardi today expressed his appreciation to the thousands of Daly City people who have aided in his campaign during the past several weeks and he asked for their continued support through April 10, the day of the city elections.

"I look upon this enthusiastic help and good will as the best kind of endorsement of Daly City government," the veteran councilman and former mayor declared.

"In the important field of law enforcement, for example, our city's police force ranks among the finest in California.

Its requirements of strict and comprehensive training is far above the State standard. Our men, in addition to being well trained, are working with the best in modern equipment—and we are improving our facilities all the time in order to give our department every advantage in doing its work in serving the community.

"Just as important to all of us is the fire department, which has been modernized and improved in recent years to give Daly City homeowners the best possible protection. We have seen in recent weeks several dramatic examples of how this improvement has paid off in saving of human lives and personal property.

"These are two departments with which the homeowner comes in direct contact frequently, and consequently they are considered very important. But the same efficiency and dedication to duty extends into every department of city government.

"I am proud to be a part of this city administration and it will give me a great deal of pleasure to continue to serve as your councilman for another term.

"I assure you that I will continue to work with all my energy to bring the best possible city government to the people of Daly City."

## Harry R. Farber

I entered this campaign as an independent candidate so I would have the Freedom necessary to act in the best interests of the taxpayers of Daly City. During this entire campaign my many supporters and I have refrained from any harmful or derogatory tactics to any of my opponents. Of this we are proud and accept your many comments with thanks and appreciation.

Since my independent campaign has been self-financed with limited funds and small posters, it has been impossible for me to circulate every Daly City voter to personally state my position. So once again I must use this medium of communication—through the freedom of our press—to state my platform and qualifications for the office of Councilman.

Regarding my occupation—The latest issue of the Westlaker and Defender call me an Insurance Man—I wish to thank them for the high tribute they both paid me. We all know that my business gives jobs to millions of people and is the true backbone of our entire economy. For the past 23 years I have been entrusted with the financial security of many thousands of families. I am directly responsible for, and in control of, almost ten million—matters and problems that dollars worth of families assets now, and will confront our City in the future.

Regarding ability and initiative—I am a member of Metropolitan's millionaire's club, an honor and distinction many men in our profession seek but never attain. I have secured many degrees in my business which is equal to professional status—I have the know-how to meet the toughest problems of government and sit in conference with the best of minds.

Regarding management experience—I have been president and Board Chairman of a large business for 7 years—I have, for 10 years been a Board member of one of the largest Community Centers in the Bay Area, and have helped formulate policy, both financial and operating. This experience is a valuable asset for the office I seek.

Regarding voter's welfare—My business is conducted entirely in, and with, Daly City people residing in St. Francis Heights, Westlake and Old Daly City and numbering hundreds of families. I am more aware of what many voters like or dislike, want or do not want—or are constantly thinking or saying. I have a better insight of cross section opinions of many voters, than do any of my opponents. These personal contacts afford me the opportunity to really act in behalf of many Daly City Citizen's welfare on the Council.

Through the courtesy of this press, I again submit my platform to all Daly City voters:

1—WE MUST do everything possible to hold the line on taxes.

2—WE MUST give the people more opportunity to participate in government.

3—WE MUST strive for more Commerce and Industry to help share the Tax Burden.

4—WE MUST insist on a closer relationship between Council and School Boards.

5—WE MUST make a real effort to give this City adequate Transportation.

6—WE MUST further improve our Recreational Facilities for our children.

7—WE MUST immediately instate measures to eliminate all free ride annexations.

8—WE MUST make sure that all city employees are given the rights and opportunity they are justly entitled to—Conditions, Pay, Security, Etc.

It is my sincere hope that each voter will think seriously of the burden that rests on our shoulders, and cast our ballots with the pride and dignity that befits a free people, and vote for those independent candidates who can honestly call themselves free individuals—free of mind—free of thought—free of action.

## Edward J. Dennis

Mrs. Ann Eason, prominent Daly City civic leader and trustee of the Jefferson Union High School District, today called attention to the record of public service of Incumbent Councilman Edward J. Dennis and urged strong support for his re-election at the city elections April 10.

Mrs. Eason, in addition to her long and distinguished career as a school trustee, has played a prominent role in the Parent Teachers Association, Girl Scouts of America and a variety of community and charity activities.

"Mr. Dennis has proven through the years that he has the best interests of Daly City and its people at heart," Mrs. Eason declared. "He has consistently championed city projects and programs that benefit the young people of our community. He has emphasized education and recreation as two of the most important functions in the lives of our youth."

"Because Daly City is a strong family community, we are particularly fortunate to have on our city council a man of Mr. Dennis' calibre. He deserves a strong vote of confidence as a testimony of our respect for his leadership."

Although she emphasized Dennis' well-known attitude and record in the field of community youth activities, Mrs. Eason also pointed out that his work and influence has been felt in the city's business affairs.

"Mr. Dennis has consistently supported reforms that would bring greater efficiency and economy to our city government," Mrs. Eason added.

Dennis is completing 12 years of service on the city council. In addition to his council activity, he has served in a variety of community projects. He is presently serving as chairman of the 1962 Cancer Crusade in Daly City. He lives at 99 Teresa St., with his wife, Hilda, and daughter, Carolyn, 20, a junior at San Francisco State College. A son, Edward Jr., 23, is with the U. S. Army in Europe. For the past 15 years he has served as president and business representative of the Milk Drivers Union, Local 226.

## New Clubhouses To Open In May

Two new clubhouses—Lincoln Park Clubhouse and Westmoor Clubhouse—will be completed and put into operation by May 1, city manager Edward Frank announced.

This will give the City of Daly City three clubhouses. The new buildings will be used on the same basis as the Westlake Park Clubhouse, for citizen recreation facilities.

Indications are, said Frank, the city council will be asked to budget for completion of Westmoor Park facilities. The city has an agreement with the Jefferson High School district to split the cost of improvements of Westmoor Park. So far, Daly City has spent over \$40,000 in planning for Westmoor Park. Zita Corp. constructed the clubhouse.

## Paris B. Simmons

In the attempt to justify the present form of city government existing in Daly City, one of the incumbent candidates, attacked statements made by Paris B. Simmons, in this paper, on the political page, last week.

Evidently, my opposition believes that all the people of Daly City know as little about government as he, for he insists that our community does have a system of checks and balances. If this is how he sets the record straight, it is no wonder the council is often on the wrong road.

Any eighth grader, and many fifth graders will be able to explain from their textbooks, that the system of checks and balances simply mean that there is an elected legislative branch and an elected administrative branch. Since Daly City only has the elected legislative branch, it does not have a system of checks and balances. Checks and balances refer to the elected branches of government holding reins on one another. The statement that the checks and balances are there (in Daly City Government) and in operation every day—must refer to the overworked bank accounts or treasury, for such a statement is entirely inaccurate, and untrue and wrong in describing the form of government used by Daly City.

This candidate is most happy to do (at their challenge or request) what the council should have done many months ago in producing for public benefit statistics of comparison for Daly City and connecting communities. So far the results of the survey which includes some 50 cities, shows Daly City at the bottom of the list in providing for the teenager. While the survey is not complete, some strong indications are that this community is the only one which forbids any type of ball playing on its city parks. That it is the only community which prohibits the flying of model planes. That it is the only community that prefers renting the public recreation rooms to private citizens or groups, rather than keeping it open for youth during the winter months.

The juvenile record of delinquency will be completed during the coming week. Whether Daly City is at the top or bottom of the list is inconsequential. That Daly City is on the list at all is the important item and one which this community must solve. This does not in any way detract from this candidate's statements to the council for he remembers too well the riots of last Halloween, the brutal attacks on youth by others, the existence of two large teenage gangs not unlike to those of the East. There is a danger here, and the community must step in to prevent and solve such occurrences. One solution is through proper teenage recreational facilities. Another is by getting the drop-outs off the streets and into vocational training, or preparing them for jobs. Not necessarily in schools, but through co-operation with business and unions. Whether elected or not, this candidate will continue to work towards solution of these problems, but his effectiveness will be far greater as an active council member.

As a final word, The Vote for Paris in April Headquarters remind the voters that their vote for Paris B. Simmons will be a vote for the independence of Daly City, and the chance for real effective representative government.

## Noonan Walker O'Haire

On Thursday evening, April 5, the N-O-W candidates will appear at the Colma school to participate in the Hillside Improvement Club election rally. On this occasion Tom Noonan, Ed O'Haire and Fred Walker will answer all questions from the floor, and thereby attempt to clear up the many misunderstandings relative to our schools, taxes, water system, recreational facilities, sewers, street repairs, employee benefits and other civic problems.

Our water system is in need of more than two million dollars for improvements and the only reason why the so-called "surplus" of \$300,000 exists today is simply because this money is not being used to affect the urgently-needed repairs and improvements to our water system. Actually, we are several million dollars in the hole, as will be explained in detail at Thursday night's meeting, according to statements issued by the N-O-W candidates.

Much misinformation has likewise been disseminated in regard to our so-called low tax rate; the truth of the matter is the undisputable fact that in South San Francisco, for example, the rate is \$1.14—and this rate includes provision for a 5-year 2½-million dollar capital improvement program. Our Daly City rate is \$1.48 with absolutely no provision for a reserve fund to take care of needed capital improvements. Many startling revelations will be made at the April 5 rally, and it is urged that an overflow audience be present to hear both sides of these issues. So much double-talk has entered this campaign that the confusion arising therefrom is mounting; this can be cleared up for once and for all time by the N-O-W candidates on Thursday night. Our water system is in need of major overhaul, according to our city engineer and we will have to find two million dollars somewhere to pay this bill, the N-O-W candidates say.

The Thursday rally will be the last before the polls open on April 10.

The N-O-W candidates pledge the defeat of the Christen Ranch annexation unless and until the developers of these properties are made to pay an annexation tax of from \$500 to \$1,000 per lot, so that these moneys can be put into our school tax fund, or into the general fund, to keep our taxes down.

## Man Hospitalized After Suicide Try

William Harper, 357 Evergreen avenue, Daly City, was hospitalized March 31 at Community Hospital, following a reported suicide attempt. Police said he took an overdose of sleeping pills. Harper was released following treatment.

Puerto Rico, then known as Porto Rico, was ceded by Spain to the United States by the Treaty of Dec. 10, 1898.

for Paris B. Simmons will be a vote for the independence of Daly City, and the chance for real effective representative government.

## Sheldon M. Prezant

Sheldon Prezant stated at a gathering Sunday night: "In my 'Walk For Victory' I have enriched my life 100% by meeting with the fine people of Daly City and learning the problems which confront our citizens. I must admit that my flat feet are a little flatter, but there is a long way to go and many thousand more people to see and walking is the only way to meet these people."

Mrs. Dessie Ksidakis, at a group of women campaigners for Prezant said, "In my entire life I have never met up with an individual like Sheldon. He is a One Man Dynamo and with his depth of feeling for his fellowmen, successful business knowledge and winning personality, we know that he will win. Daly City needs Prezant."

In his door to door Walk For Victory, Prezant has helped a neighbor by pushing her car to get it started, cut grass, installed light bulbs, carried groceries out of cars, closed garage doors, and been invited as a guest to many cups of coffee. He even had dogs jump out to say 'hello,' except some of the dogs were over anxious and one dog enjoyed chewing on Prezant's coat.

One man said, "You must be Prezant." I asked, "How did you know?" He said "I've been so 'Brainwashed' by those big signs and posters that I watched each evening for you since Monday. I had to see what kind of man would take on odds like that and still have the fight and drive not to give up! One thing, Prezant, I sure give you credit for trying and you have the Mrs. and my votes..."

As a final campaign statement, Prezant said, "I want to express my sincere desire to all the other candidates that no matter which three win, that they endeavor to work as a team in the best interests of the people of Daly City."

For the sake of my many supporters and neighbors and their children who have given of themselves hours of time, talents, and help... My way of saying Thank You is best described in this verse I wrote sometime ago...

I'LL BE:  
Never so rich,  
Never so proud,  
Never so great,  
To forget to be)  
Humble and Thankful  
that GOD gives me  
strength...

Sincerely,  
Sheldon M. Prezant

STATE OF CALIFORNIA  
DEPARTMENT OF PUBLIC WORKS  
DIVISION OF HIGHWAYS

## NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on May 2, 1962, at which time they will be publicly opened and read in the Assembly Room of said building, for construction in and adjacent to State Park in accordance with the specifications therefor, to which special reference is made, as follows:

San Mateo County, in Thornton Beach State Park and on Route 56 (IV-S.M.-P421, 56-DIC), an access road, park roads and parking areas are to be constructed and facilities for a water system, sewer system and electric power supply are to be installed.

Bids are required for the entire work described herein.

Plans, specifications, and proposal forms to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, and at the office of the District Engineer of the district in which the work is situated.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Standard Specifications and special provisions. Each bidder must be licensed as required by law.

The Department of Public Works reserves the right to reject any or all bids.

Employer payments other than those itemized herein, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type or classification of the workmen or mechanics employed on the project.

Overtime, Sundays and Holidays—not less than one and one-half (1½) times the basic hourly rate plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

Copies of all collective bargaining agreements relating to the work as set forth in the aforementioned Labor Code are on file and available for inspection in the office of the Department of Industrial Relations, Division of Labor Statistics and Research.

Attention is directed to Section 7-1.01G of the Standard Specifications providing for employment of apprentices on the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the trade at which he is employed. Information relative to employment of apprentices shall be obtained from the Director of the Department of Industrial Relations, who is the Administrative Officer of the California Apprenticeship Council.

Pursuant to the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the county in which the work is to be done to be as follows:

| Basic rate per hour | Classification                                                                               | H and W     | Employer payments for |
|---------------------|----------------------------------------------------------------------------------------------|-------------|-----------------------|
| 3.54                | Apprentice engineer (oilier, fireman, heavy duty repairman helper)                           | 10c phw (1) | 15c phw               |
| 3.475               | Asphalt ironer and raker                                                                     | 10c phw     | none                  |
| 3.325               | Asphalt shoveler                                                                             | 10c phw     | none                  |
| 3.475               | Bootman or road oiler                                                                        | 11c phw (3) | 15c phw               |
| 3.95                | Carpenter                                                                                    | 11c phw     | 15c phw               |
| 3.97                | Cement mason                                                                                 | 11c phw     | 15c phw               |
| 3.475               | Chainsaw operator, faller, log loader and buckler                                            | 10c phw     | none                  |
| 3.825               | Combination bootman & road oiler                                                             | 11c phw (3) | 15c phw               |
| 3.67                | Compressor or pump operator                                                                  | 10c phw     | 15c phw               |
| 3.325               | Concrete laborer (wet or dry)                                                                | 10c phw (1) | 15c phw               |
| 3.67                | Concrete mixer operator (up to one yard)                                                     | 10c phw     | 15c phw               |

## NOTICE OF HEARING

NOTICE IS HEREBY GIVEN: That the County Planning Commission of the County of San Mateo, State of California, did, by resolution thereof, adopted at a regular meeting thereof, held on the 14th day of March, 1962, after following the procedure specified by law, approve a certain amendment to Part I, Division VI of the San Mateo County Ordinance Code, being the Land Use Plan Ordinance of the County of San Mateo, and did adopt the same as an amendment to the Master Plan of said county, and did recommend that the Board of Supervisors of said county, adopt said proposed amendment, which amendment is as follows:

That Section 6115, Sectional District Map No. 32, of the County of San Mateo, State of California, be amended so as to reclassify Lots 6, 7 and 10, Block 21, School House Homestead Association from an R-1-S-7 (single-family residential—5,000 sq. ft. min. lot area per dwelling unit) district to an R-3-S-2 (multiple-family residential—1,000 sq. ft. min. lot area per dwelling unit) district; as said amendment is shown on a map entitled, "Proposed Amended Sectional District Map No. 32, of the Land Use Plan Ordinance of San Mateo County," a certified copy of which map is on file in the office of the Secretary of said Planning Commission at the Court House, Redwood City, California.

NOTICE IS HEREBY FURTHER GIVEN: That said Board of Supervisors in regular meeting assembled on the 27th day of March, 1962 did set a certain time and place for a public hearing on said proposed amendment, at which time and place all persons interested therein may appear and be heard thereon, which time and place is as follows:

At the hour of 10:00 A.M. on the 17th day of April 1962 in the Chambers of the Board of Supervisors in the Hall of Justice & Records, Redwood City, California.

JOHN A. BRUNING, Ex-officio Clerk of the Board of Supervisors of the County of San Mateo, State of California.

## New Locale For Village Nursery

Delighted members of Village Nursery School held a coffee klatch Saturday, March 31, to personally thank the Daly City Council for all the help and consideration given to the nursery school during its search for a new location. It was urgent and imperative to find new quarters, since the historic Community Center on Dunks Street stands in the path of the freeway, and will soon be dismantled.

The Park and Recreation Commission was also generous with time and effort to help the school work out many problems involved with relocating. The new building is presently under construction on Eastmoor Drive, and the school will be able to move in time for the 1962 fall semester.

Village mothers and fathers are now preparing for the annual fund raising dance May 12 at House of Lawton in San Francisco. For tickets call Maureen Hornung, PL 5-0352.

Goodwill Industries  
Need More Discards

Donations of discards to Goodwill Industries have dropped so alarmingly that processing of the clothing, appliances and furniture by the 275 handicapped workers in this sheltered workshop is now being done on a day to day basis.

In making an appeal for any repairable merchandise and clothing, Kenneth G. Foster, the executive director, stated that ordinarily enough bags are stored throughout the main plant, 986 Howard Street in San Francisco, to keep the workers busy for two weeks. For almost a month, however, all storage bins have been empty. To aggravate matters, calls from people who wish to donate are averaging about 200 a day less than ordinarily.

Foster added that because Goodwill does not ask the public for financial support, but must depend entirely on discards to create and pay for the employment of the 275 handicapped of San Mateo and San Francisco Counties, the drop in pick-up calls is serious. However, he believes the recession is temporary.

"Three factors are involved," he said

## CHURCH EVENTS

### Rabbi Rosenthal To Speak At Temple Judea

Rabbi Richard Rosenthal of Tacoma Washington will be the guest speaker at Temple Judea, April 6 at Temple Judea, 95 S. Mayfair.

He graduated with a B. A. degree from Centenary College in 1949, and after attendance at the Hebrew Union College, Jewish Institute of Religion in Cincinnati he was ordained in June of 1954, receiving the M.H. degree with honors. He has also done graduate work in history at the University of Washington in Seattle. He is married to the former Barbara Miller, and they have two children, David and Deborah.

After two years service as an Army chaplain, Rabbi Rosenthal became the spiritual leader of Temple Beth Israel in Tacoma, Washington. Under his leadership, his congregation merged in 1960 with Temple Sinai to form Temple Beth El.

In Tacoma he has been active in both Jewish and general community activities, worked with the local Jewish organizations and served many small congregations in the Pacific Northwest. He is also Jewish chaplain at the Federal penitentiary on McNeil Island and the Veterans' Hospital at American Lake. He has taught Hebrew at the Pacific Lutheran University and lectured at many colleges in the Northwest, through the sponsorship of the Jewish Chautauque Society.

He has served on the Board of the Tacoma-Pierce County Mental Health Association; he is currently its vice-president. He is also the member of a Board now engaged in trying to establish a psychiatric clinic. He has served on the Board of Association for the United Nations, the Interstate Committee of the United Good

### Reception Welcoming New Church Members

The reception and welcome of 70 new church members will highlight the 11 a.m. worship service of the Broadmoor Presbyterian Church this Sunday, April 8.

These new members have been attending three communicants' classes conducted the past six weeks by the pastor, Rev. Herbert Tweedie.

Also, the pastor will conclude a sermon series on "The Ten Commandments in Christian Context" with a sermon on The Great Commandment of Love.

This sermon will also be given at the 9:30 a.m. worship service this Sunday. Infant care is provided for the two services by Mrs. Alma Wittig and Mrs. Gertrude Saccos.

There are two Sunday Schools at 9:30 and 11 for three year olds through high school ages. John Rued is general superintendent.

### Luther League Retreat Delegates Are Named

The three delegates chosen to represent Westlake Lutheran Church at the annual Luther League retreat are Miss Ardelle Jaranson, Miss Marion Howard and David Kazdoff.

About 200 delegates from northern California (comprising the Golden Gate Conference District) will be present at the meeting which starts April 16 through 19 at Mt. Cross.

The theme of the retreat will be "The Power of the Cross" and inspiring talks will be given by Pastors Thompson, Knutsen and Farness. Their evening discussions and vespers will center around themes such as vocations, dates and mates, and higher education. A swimming pool and many beautiful trails are available with the entertainment around the campfires after sundown.

The retreat will close at 3 p.m. April 18 with the installation of the new regional officers. Herb Kralling directs and helps the group at Westlake Lutheran church.

Kralling and his family reside at 114 Westlake Drive in Daly City and he is the local representative for the Lutheran Brotherhood Insurance Agencies.

### Voyagers Plan April 7 Progressive Dinner

The Voyagers Mariners couples club of the Broadmoor Presbyterian Church are making big plans for their April 7 meeting which will be held in various homes as a progressive dinner.

The first course will be hors d'oeuvres and punch; second, soup. The main course, spaghetti; salad and garlic bread, with all groups meeting for the last course of dessert and coffee. This is an annual function and always a favorite.

Neighbors and the County Advisory Committee of the State Board against Discrimination.

He is a member of the Rotary Club and has been active in the Boy Scouts recently, serving as chairman of the local relationship conference.

### PASSOVER SEDER—

The annual Passover Seder, which will be held by Temple Judea on Thursday night, April 19, at the Red Chimney at Stonestown, will feature a complete traditional Seder dinner, with ritual conducted by Rabbi Robert W. Shapiro and Cantor Harold Wachter. For reservations and special seating arrangements phone Temple Office, PL 5-6362 or Mrs. Arnold Beinert, Chairman, LO 4-0492.

### SISTERHOOD ELECTION

Temple Judea Sisterhood will hold an election of officers on Tuesday evening, April 10th, at 8 p.m. at the Temple House, 95 South Mayfair in Westlake. Candidates for election are as follows: President, Mimi Barbour; 1st vice-president, Nancy Colvin; 2nd vice-president, Henrietta Bressman; 3rd vice president, Ruby Levin; treasurer, Shirley Goldman; corresponding secretary, Eunice Coleman; recording secretary, Pauline Goodstein; financial secretary, Jeannette Bronstein.

Following the election, a social will be held including bridge, mah jong, etc. All who plan to attend are urged to bring their cards, mah jong sets, etc. for an evening of sociability and relaxation.

### Book Sale

The book sale planned by "JOY," the youth group of Temple Judea, for Sunday, April 8, has had a change in hours of sale. Books will now be sold from 11 a.m. to 3:30 p.m. at the Westlake Improvement Association. There will be a wide and varied selection of both paperback and hardcover books, in fiction and non-fiction.

### W'Lake Catholic Women To Meet

On next Monday evening, April 9, the regular monthly meeting of the Westlake Catholic Women will take place in the parish hall of Our Lady of Mercy Church. The meeting will commence immediately after the 8 p.m. Devotions.

Mrs. Howard Poblitz, spiritual director, will give a report on the recently held Day of Recollection.

Mrs. Albert Bucci, president of the Westlake Catholic Women, announces that the nominations for the Nominating Committee will take place at this important meeting. Remember in order to serve on this Nominating Committee, the women nominated must be present at the meeting.

This will be the last meeting before the Festival, "SPACE-ORAMA," May 3, 4, 5, 6, and the final plans for this event will be discussed. The linen booth and the surprise package booth would appreciate receiving their promised donations.

Mrs. William Coen, hospitality chairman, will be assisted by: Mrs. Frank Carroll, Mrs. Julio Figueroa, Mrs. Robert Foppiano, Mrs. John Gilligan, and Mrs. George Khouri.

### YWCA Drives For New Girls

Use your talents to help your community, advises the North San Mateo County YWCA which is undertaking a new drive to recruit volunteers in this area.

Many different kinds of abilities and interests can be utilized to help develop the YW's ever growing program for women and girls. Particularly sought are educated women able to take leadership in organizing program in new areas, women with office experience, those who can teach or lecture on a particular skill or interest, such as folk dancing, and those who are interested in working with teen-agers.

Volunteers are needed to do such simple tasks as registering pre-school youngsters at YW Creative Group Play classes, once every six weeks. Almost anyone can help in some way, whether she has a little or a lot of extra time, says Mrs. Hal Fox, YWCA chairman who is heading up the current volunteer recruitment drive.

If interested, call the North San Mateo County YWCA at PLaza 6-7370. Mrs. Elaine Wolfe, director, will be happy to discuss your interests and where you may serve best.

### Holy Family Guild Offers Treasures Sale

The Holy Family Guild of the Peninsula will offer its third annual sale of treasures on Friday, April 6 at St. Catherine's auditorium on Park Road in Burlingame. The one day sale will begin at 9:30 a.m. and conclude at 4 p.m. Articles of beauty and quality, antiques and moderns; articles of interesting origin and histories are being donated by members and friends of the guild.

Proceeds of the sale will be used to help the work of the Holy Family Sisters in San Mateo County. The Burlingame Convent is located at 1153 Cabrillo Avenue, Burlingame.

Membership in the Guild is representative of all the various communities in San Mateo County.

The interest and patronage of the public is invited.

### Broadmoor Church UPY Officers Elected

New officers have been elected for the High School U.P.Y. of the Broadmoor Presbyterian Church.

They are moderator Tim Tweedie replacing Jim Lucke, Vice-Moderator Linda Long replacing Claudia Davison, Treasurer Geoff Caldwell replacing Tim Tweedie, secretary Claudia Davison replacing Vickie Guz, and Flip Reade and Chad Reade will serve as recreation and refreshment chairman.

The advisor is Mrs. Jack Spratt assisted by Thomas House who also teaches a high school Sunday School class. The other class is taught by Robert Coghlan who also is coordinator for the church basketball team coached by Ray Corona and Rick Landess.

Classes are at 9:30 a.m. Sundays with the fellowship meeting at 7 p.m. Sundays.

This Sunday, April 8, the youth join with those of the Seventh Avenue Presbyterian Church in San Francisco for a 5:30 p.m. dinner followed by a meeting and party. High School young people interested in Christian learning and associations are cordially invited into this youth program.

### Holy Angels Plans Communion Breakfast

The Holy Name Society of Holy Angels Church, Colma will hold a Communion Breakfast, on Sunday April 8, 1962. The Holy Name Society Mass will be celebrated at 8 a.m. and an excellent breakfast will follow in the Parish Hall.

Robert E. Owens will be the distinguished guest speaker for this occasion. Owens is the past president of the St. Vincent de Paul Conference of St. Charles, San Carlos. He is now the manager of the St. Vincent de Paul Society Thrift Shops of San Mateo County.

Owens' speech will be entitled: "The Amazing Story of the Development of the St. Vincent de Paul Society in San Mateo County."

All the men of the parish and their friends are cordially invited to attend the Mass and the breakfast.

### Girl Scouts In Action April 28

Girl Scouts in Action, demonstration-exhibition show will take place Saturday, April 28, from 1-4 p.m. in the War Memorial Community Center in Daly City.

This will be the fifth year that such a program will take place. The very first one was on April 2, 1957 and since then there has been one every year except 1961 when the Girl Scouts of Daly City participated instead in the Daly City Golden Anniversary celebrations last October.

The project is being made possible through the efforts of a committee composed of the Mesdames: D. Hess, chairman; J. Karres, hospitality and refreshments; P. Hatfield, poster contest; E. Fanfelle, publicity; S. Daly, program and flag; A. Richards, program and flag; S. Steinback, physical setup, and M. Kraus, Advisor.

Posters announcing the affair will be displayed in various stores and business houses in different parts of Daly City.

Approximately a 1000 Daly City-Colma Girl Scouts will not only exhibit and display their handiwork, but will also put on a program for the general public.

All the people of Daly City and nearby communities are cordially invited to attend the admission-free program.

President Franklin Roosevelt declared Death Valley a National Monument in 1933.

### JEWISH CENTER PROGRAM COORDINATOR APPOINTED

North county members of the Peninsula Jewish Community Center were advised of the appointment of Hyman Manber, San Bruno, as co-ordinator of program activities for the area from Millbrae to Daly City, including San Bruno, South San Francisco and Colma. Under the new organizational arrangement, co-ordinators in North County, Mid County and Central County will work closely with the Center's Program Advisory Committee headed by Dr. Bertram Kotin, chairman; and Dr. William Rosow and Mrs. Kurt Donner as co-chairman to work with chairmen of various committees to foster and develop program activities as needed for children, youth, and adults.

Complete information about the Center's program for the North County area may be obtained by calling Mr. and Mrs. Manber, Mrs. Davis, or any one of the chairmen mentioned above.

The Peninsula Jewish Community Center is the Peninsula operation of the United Jewish Community Centers. It shares in the funds of the United Bay Area Crusade as a group work agency, and is also an affiliate of the Jewish Welfare Federation.

Complete information about the Center's program for the North County area may be obtained by calling Mr. and Mrs. Manber, Mrs. Davis, or any one of the chairmen mentioned above.

The Peninsula Jewish Community Center is the Peninsula operation of the United Jewish Community Centers. It shares in the funds of the United Bay Area Crusade as a group work agency, and is also an affiliate of the Jewish Welfare Federation.

Complete information about the Center's program for the North County area may be obtained by calling Mr. and Mrs. Manber, Mrs. Davis, or any one of the chairmen mentioned above.

### YWCA Show To Honor Fair

The latest information on travel, accommodations and activities at the Seattle World's Fair will be made available to local members of the YWCA at the YW's April 5 fashion show honoring the fair. An official of Panorama Travel Service of Westlake is scheduled to speak at the luncheon and information folders will be distributed. Also co-operating are United and Western Air Lines.

Ladies' and children's fashions for spring and for wearing to the fair will be modeled by the YW volunteers. Outfits will be supplied by Sue Scott Distinctive Apparel and Lass'n Laddies, both of Westlake. Chairman is Mrs. Sidney Trager, representing the YWCA volunteers.

The luncheon will be from 1 to 3 p.m. at the Westlake Bowl. For reservations, call the North San Mateo County YWCA at PLaza 6-7370.

### OBITUARIES

#### Richard Matgen Services Held

March 24 services at the mortuary of W. C. Lasswell & Co., were held for Richard Leslie Matgen, 40, of 768 Niantic street, Daly City.

A Requiem High Mass was held at Holy Angels church followed by burial at Golden Gate National cemetery.

Mr. Matgen was a native of Iowa and a Daly City resident for 12 years. He was a veteran of World War II and a member of VFW Post 18, and belonged to Marian Council 3373 Knights of Columbus.

Mr. Matgen was the husband of Shirley Matgen; father of Nanette, Carol, Richard Jr., Douglas, Robert and Gregory Matgen and brother of Clyde Pieper, Marcel Matgen Jr., and Mrs. Doris Olmanson.

#### Rites Held For Trevor R. Jones

Funeral rites for Trevor Rhuin Jones, 54, of 1023 87th street, Daly City, were held on March 26 at the W. C. Lasswell mortuary.

Mr. Jones, a native Californian and resident of Daly City for two years, passed away in San Mateo on March 22.

Jones was the husband of Wanda Marie Jones father of Mrs. Beverly Hurston, Carole Marie and Linda Lee Jones; son of Mr. and Mrs. Trevor Jones; brother of Alban P. Jones and Mrs. Edna Heidohrn and grandfather of Theresa Hurston.

#### Rites Held For Ester Bergstrom

Services were held on March 28 for Ester Bergstrom, 57, 130 Peria street, Daly City.

Mrs. Bergstrom was a native Californian, and had resided in Daly City for 20 years.

The services were held at the mortuary of W. C. Lasswell and Co., and followed by a private inurnment.

Mrs. Bergstrom was a member of the Artists Co-op of San Francisco and the Society of Western Artists. She is survived by husband Albin H. Bergstrom, daughter Lorraine Bergstrom and sister Mrs. Helen Ghiselin.

### Youth Group Holds Reception

The Walther League, the young people's organization of Bethel Lutheran Church, 2525 Alemany Blvd., will hold a reception April 6 in honor of the members of the Confirmation Class in the Parish House. A buffet supper will be served at 5 p.m., followed by entertainment. Miss Norma Lehmann and Mr. and Mrs. James Crawford, counselors for the youth group, are in charge of the arrangements.

The officers of the Walther League, Thomas Wright, president; John Petersen, vice president; Joan Leslie, secretary and Rita Leo, treasurer, will conduct the business meeting. They have been meeting with the committees for the entertainment to assure the success of the occasion.

### St. Paul Methodists High On 'Breakthru'

The Reverend Robert A. Lundy will be the Lenten speaker at Half Moon Bay Methodist Church the evening of Thursday, April 5.

The Commission on Education of St. Paul's Methodist Church urges a wide viewing of a new television program for boys and girls entitled "Breakthru," to be shown over KRON-TV, channel 4 San Francisco, at 1 p.m. each Saturday, starting April 7. This program seeks to establish moral understanding and Christian insight through drama and conversation. It is presented as a public service by the churches of this community in cooperation with National Council of Churches of Christ in the USA.

Ten members of the Daly City Wesley Methodist Church Men's Club will be guests of St. Paul's Methodist Men's Club, Sam Steinert president, at a breakfast meeting, Sunday, April 8, at 7:30 a.m. Speaker will be Dr. Dillon W. Throckmorton of Modesto, head of "Heifer Project," an approved program of the Methodist Committee for Overseas Relief. His subject will be "Faith in Action."

Dr. Throckmorton returned last summer from the Far East where he supervised distribution of animals donated by state-side ranchers. "Heifer Project" helps many needy agricultural people abroad to help themselves through gifts of American livestock—cows, chickens, rabbits, goats, sheep, bees, etc.

Dr. Dillon W. Throckmorton will be guest speaker in the pulpit of St. Paul's Methodist Church at both worship services, 9:30 a.m. and 11 a.m., Sunday, April 8 preaching upon the theme, "Living At Its Best."

### St. Martin's To Hold April 10 Lenten Talk

The Reverend John Whiston, Vicar of St. John's Episcopal Church in Capitola, will be the guest speaker at a special Lenten Service to be held at St. Martin's Episcopal Church, 777 Southgate Ave., in Daly City, on Tuesday, April 10, at 8 p.m.

Father Whiston is a member of the Diocesan Stewardship Committee. The subject of his talk will be "A Good Lent Means Good Stewardship."

All are invited to attend the services to meet and hear Father Whiston.

### Nancy Andrea Is Engaged

Mr. and Mrs. Ernest R. Golladay, 544 87th Street, Colma, announce the engagement of their daughter, Nancy Andrea, to Kenneth Wayne Lebermann, son of Mr. and Mrs. Fred G.

Nancy Golladay

Lebermann, Rock Island, Illinois.

A fall wedding is planned. Miss Golladay is a graduate of the University of California at Davis. She is presently completing a dietetic internship at Hines Veterans Administration Hospital, Hines, Illinois.

Lebermann graduated with honors from the University of Illinois; received a master of science degree from the University of California; and is presently studying toward a doctor of philosophy degree in food technology at the University of Illinois.

### LINFIELD CHOIR TO SING FRIDAY EVE

The Linfield College A Cappella Choir presents their spring concert of music for the West Bay Area at Westlake Community Baptist Church, Southgate and Elmwood Streets, Daly City, on Friday, April 6, at 7:30 p.m.

There are 46 voices in the choir led by Prof. Marion W. van Dyk.

The program will consist of: I. Chorus: Give Thanks Unto The Lord, Mecham, Cry of God, Luvas; Psalm -150 (with brass), Bender.

II. Brass Ensemble  
III. Choir: Contate Domino, Pitoni; I Let Thee Not Go, J. C. Bach; Haec Dies, Palestrina.

IV. Quartet (Selected from Following): God So Loved The World, Gast Thy Burden Upon The Lord, Teach Me, O Lord, For Thy Tender Mercies Sake, Shaw; two Southern Folk Hymns: Wondrous Love, My Shepherd Will Supply, Soon-ah Will Be Done, Arr. Dawson.

There will be no admission charge and the general public is invited to enjoy this musical treat. Opportunity will be given for a free will donation for traveling expenses for the choir.

### Temple Baptists Will Hear B. Van Osdell

Dr. Boyce Van Osdell will be the guest speaker at Temple Baptist Church, 3355 19th Ave., San Francisco, at 11 a.m. and 7:30 p.m. on Sunday, April 8. He will speak each evening at 7:30, Tuesday, April 10 through Friday, April 13.

Dr. Van Osdell, the dynamic and popular minister of the First Baptist Church of Oakland, has a brilliant sense of humor, and is much in demand as a speaker at service clubs and other community organizations. He served for about twenty years as a most successful minister at the First Baptist Church of San Bernardino. He is a man of deep religious insight and experience, and his preaching will meet the spiritual needs, both of those who find themselves within the sphere of church life and of those who may not be so involved.

The public is cordially invited to all services. Splendid and inspiring music will be presented at all services.

### Stretched by taxes?

Bank of America can put you back in shape—with a Timeplan Personal Loan! You can borrow up to \$2500. You can take as long as 24 months to repay. And best of all, you can spread that tax bill out...into easy monthly payments. Just see the Loan Officer at your nearest branch of Bank of America—and learn how a Timeplan Loan can help you keep from being stretched.

## Wee Bit Rough In The Openers

THE PENINSULA LEAGUE BASEBALL OPENERS last Friday had no end of surprises, and as I scan the box scores on this dreary Monday morning it occurs that if this continues we shall indeed be well entertained during the coming months.

Jefferson, in a game that must have established some kind of record, stole 15 bases in an easy 8-0 victory over Terra Nova. That averages out to two and one half steals per inning, and evidently the Tiger catcher had enough of the whole thing by the fifth inning for he quietly retired from the game.

In that fifth, Jefferson's third baseman Pryor Bailey opened with a single, stole second, stole third and scored on an error by the catcher. Next Al Cacicado singles, steals second, steals third, Larry Keeling walks, starts to steal second, the catcher overthrows for an error and Cacicado scores. Those were the thirteenth and fourteenth if I remember.

That's two in a row for Jeff after getting off to what at best can be called a slow start, and if the boys can keep that kind of running up it could well result in quite a few league wins. In addition to some kind of a sanitarium for catchers.

Old catchers never die, they just steal away. Sorry.

Coach Steve Mezzera gets the award for simplicity for his remark when asked how come all the steals.

"We just started running," said Steve. "You've got to keep the other guy on his toes."

The Westmoor Rams saved their first win of the year for the league opener as they beat a ragged Aragon team, 7-3 at Westmoor.

That's seven runs on four hits, which is pretty good mileage.

Bruce Hix who coach Losberger calls a real good hitter, belted the first Ram homerun of the year in the fifth. It was a shot over the left fielders head good for about 310 feet. The Rams scored five runs in that inning, their high for the year and so far the highest in league play.

Losberger remarked before the game that although his boys hadn't won a game, he thought

they had come along at just the right pace. He gave everybody a try during practice, and usually at two or three positions. The pitchers got plenty of work.

It might just be so. Harry Brown went all the way for the first time, and weakened only in the seventh. The long ball hitting showed that the quiet bats are awakening. And the Rams played errorless ball.

SOME OF THE OTHER ENCOUNTERS THAT OPENED league play had their own interesting variations.

Hillsdale, getting only two hits, beat San Mateo with 11 hits, 4-3. Hillsdale was aided by seven walks and four hit batters. This would indicate that the San Mateo pitcher is excellent when he gets the ball over the plate, but that he can't.

The biggest surprise came in the best played ballgame of the day. Burlingame, hardly a reckoned team in the league, defeated the league favorite, South San Francisco, 2-0. That game had four hits, four base on balls and NO errors, and was the second superlative effort in a row by Panther pitcher Steve Carpenter. It was also the second straight game in which he pitched six innings of hitless ball only to have his bid spoiled by seventh inning safeties.

The week before he threw a one-hitter in defeating Westmoor, 6-0. Only a seventh inning solid double by Ram Bruce Hix spoiled his effort.

South San Francisco, supposedly the staunchest team in the league was putty in his hands. He set down the Warriors with only two walks for six and two-thirds innings, but with two down in the seventh watched while wouldn't you know, a bloop to short right fell in. The hit that followed, another single, at least was solid. But the runners died and the underdog team from Burlingame had the game, 2-0.

UNDERDOGS ARE WHAT BOTH JEFFERSON and Westmoor are this year. Both teams lost most of their starters from last year's teams. But Daly City is known for its baseball teams, and as Steve Mezzera said a couple of weeks ago, "we never have won in practice."

## Westmoor Defeats Aragon

Westmoor opened on top in Peninsula League competition Friday with an easy 7-3 win over Aragon. The Rams were literally handed the game as the Don nine committed seven errors.

A five run fourth inning by the home team broke open what had been a narrow 2-1 contest. Harry Brown opened the frame by getting on via an error by Don shortstop Mark Jorgenson. Tito Torres was safe when the Aragon second baseman dropped his attempt to advance Brown.

Steve Schmuck bounded the ball high down the third base line and handcuffed the third baseman for the third error of the inning. Brown scored.

Later in the inning a double by Steve Funai scored two more and then hard-hitting Bruce Hix unloaded a 310 foot home-run over the left fielder's head. That made five.

Brown went all the way, giving up four hits on the way to the league win. The Rams garnered only four themselves but were aided by the seven errors. Westmoor was flawless in the field.

## It's SPARE TIME at Westlake Bowl

By JIM GREALISH

Joe Baker completely forgot his 160 average Tuesday night in the Country Club Handicap as he set a new league high series record of 673 on games of 201-239-233. Joe was walking three feet off the floor as he left the building.

The ladies are off and running in the two new weekly features here at Westlake, the Monday afternoon Powder Puff Swiss Singles and the Friday afternoon No-Tap Sweeper. Both are handicap features and are attracting both high and low average bowlers.

The moon must have been right last Tuesday night as seven 600 series were registered in addition to Joe Baker's. Fred Von Husen performed the admirable feat of bowling in two leagues the same night and shooting over six hundred in both groups. In the Southgate Mixed Fives, he had games of 213-222 and 219 for a 653 series, then came back in the American Masters 900 Scratch League with a 605 total on games of 186-222 and 198. Other 600 shooters were: George Freysleben and Hank Clet with 626, Jules Sire 610, Royce Newkirk 608, and John Swanson 606.

Checks totalling over \$4,000 were mailed out last week to the 225 prize winners in the Second Annual Handicap Doubles which ended March 4. Bert Heineman and Fred Powers took first prize of \$600 while Jim Marston and Ralph Oster-

gren split the \$400 second prize.

Jan and Dick Hayes received \$200 for placing third. In the Optional Singles feature, Larry Schultz took first prize of \$200.

Gil Kane of the Jay Hurley's team in the Golden Gate Handicap took top honors last week as he shot a 211 game and 577. Rumor had it that if he hit the six hundred mark, his fellow pressmen at the Examiner would have put out a special edition.

Two was the magic number for Tony Tallero in the Happy Mixed Fives League as his 222 game was a big boost toward his 567 series total. The same number proved magic for Joe Calas in the 805 Scratch League on the same night as his 222 game helped him to hit his 566 series.

The daytime bowlers are making plans for an "invasion" of Lucky Lanes on May 4 to compete in the Northern California Bowling Proprietors' Association Housewives' Tournament. This is a 4-member team tournament with an estimated prize fund of \$1,000. There will be a chartered bus from Westlake, complete with community singing. Teams formed from the daytime bowlers may reserve a spot with Rick. Entry fee is \$12 per team.

Chet Lyons was the big gun in the second Missile Battalion Handicap League as he hit a 210 game and 512 series.

The Westlake Juniors have taken another step upward by becoming members of the Bay Area Junior Masters 900 Scratch League, replacing a team whose members had been dropped from the league for a rule infraction. This cream of the Junior bowling crop bowl Sundays at 6 p.m. in various centers of the Bay Area which have teams in the League. Members of the Westlake team are John Bartlem, Steve Harve, Glen Hilton, Rick Birkett and Bob Cowan.

"Let's Go To The Fair" is the theme of the April Fashion Show luncheon of the North San Mateo County YWCA to be held here Thursday, April 5 at 1 p.m. Fashions from Sue Scott Distinctive Apparel will be shown by YWCA. Reservations may be made by calling Elaine Wolfe at PL 6-7370.

St. Thomas Hilton League held their sweepstakes last week and Ruth Keefe took the honors with a 610 series. Peggy Shin was second with 588 and Rosalind Kiep a very close third with 581.

In the Early Quads League, the Cypress Hills Golf Team is celebrating as Yolanda Piccardo reached her goal of two years—a perfect 200 game.

Rae Levy and Shirley Posman have already set the start of the B'nai B'rith Summer League for May 24.

KEN KALIEKE (left), captain of Jefferson's varsity swimmers, checks times with swim-

ming coach Norm Cady at the Jefferson pool. Kalieke holds the school record in the back-

stroke, and is part of the record-holding medley relay team.

## Indians Take Disputed Meet From Aragon

In a Friday track meet in which a dispute over the outcome of the final event, the relay, momentarily confused the outcome, the Jefferson Indians defeated Aragon 58½ to 54 2/3.

The meet came to the relay neck and neck. The Dons had been strong in the sprints and Jefferson in the hurdles. An upset win by Jeff's Al Aquino in the pole vault gave the Indians needed points and at relay time it was still anybody's meet.

Jeff won the relay, but Don coach Bill Larson came over to Jefferson coach Bob Luahhati and informed him that an Indian had passed the baton out of the passing zone. Larson claimed that Jefferson should be disqualified.

But there was no judge on the curve that saw the infraction that Larson claimed. The win stood up and Jeff took the meet.

The Bees and Cees made it a clean sweep by taking their meets, 61-52 and 68-16.

Indian hurdler Sam Ennon

took two first places in the Varsity meet as he captured both the high and low hurdles.

Varsity Aragon 59 2/3, Jefferson 53 1/3. 100—Williams (A), Belvin (J), Albert (J), 10.3; 220—Williams (A), Belvin (J), Albert (J), 22.7; 440—Swidan (A), Stevens (J), Gossett (A), 54.4; 880—Adams (A), Howell (J), Selhorn (J), 2:04.5; mile—White (J), Torkelson (A), Kolher (A), 4:48.0; relay—Aragon (Williams, Sweden, Adams, Collins), 1:38.6; HH—Ennon (J), Collins (A), 15.9; LH—Ennon (J), Gomez (J), Gomez (J), Bohmer (A) 20.7; HJ—Presley (J), tie for second between Nevarez (A), Milean (A) and Gomez (J), 5-6; BJ—Nevarez (A), McLean (A), Belvin (J), 18-7; PV—Aquino (J), McLeskey (A), Hardage (A), 12-0; SP—Glidden (A), Waller (J), Ford (A) 51-11; D—Waller (J), Glidden (A), Ford (A), 141-1.

Westmoor rounded out its practice schedule last Wednesday with a close, 5-4 loss to Sacred Heart. It gave the Rams a perfect 0-6 mark during the pre-season campaign.

The Rams managed to muster their heaviest offense of the year, rolling up four runs on seven hits. Attack was led by Bruce Hix with a double and triple, Scott Shackelford with a double and Steve Schmuck with two singles.

Sacred Heart got off to a fast three-run first inning off Harry Brown, and was never headed. Two singles, one a cheap chopper through a pulled-in Ram infield, were the only hits during the frame.

Westmoor peeked away with single tallies in the first, fourth, fifth and seventh, but couldn't close it all the way.

In the home half of the seventh the Rams pushed one run across and had the tying mark on second when Dave Williams went down on strikes.

In that seventh, Steve Funai with one down drew a base on balls. He was forced by Hix on a hard shot to shortstop that would have been Hix' third hit of the game had not the runner been on at first. Mike Daniels then beat out an infield single and Shackelford followed with a double, scoring Hix. Williams strike-out ended the threat.

Sacred Heart 301 100 0—5 8 5. Westmoor 100 110 1—4 7 2. Booth and Sozzy; Brown, Williams (5), and Krich, WP—Booth, LP—Brown.

## INDIANS STEAL 15 BASES IN TN WIN

The Jefferson Indians saved their best effort of the year for the Friday league opener with Terra Nova, and had no trouble taking a 8-0 victory.

Jefferson functioned well in all departments and put together six solid hits, strong pitching by Bob Miller, near errorless ball field and 15 stolen bases for the win.

Miller struck out 11 and walked none in fashioning a three hitter. And the Indians started right out by giving him four runs in the first inning to decide the contest.

Outfielder Mike Morton, Jeff's first man up, started the attack as he got on via an error. He was wild pitched to second and stole third. Mike Roval scored him with a single and went to second on the throw-in. Roval stole third and scored on a single by Rich Reitz who went to second on the throw-in and stole third. Reitz scored on a fielder's choice on Pryor Bailey that didn't get anybody. Bailey stole second and came in on Larry Keeling's single.

That was four and the way Miller was pitching it was three more than were needed.

The Indians added another in the third on singles by Al Cacicado and Keeling, and two more in the fifth on two walks, four stolen bases, one single and two errors. The final score came in the sixth on a Mike Morton walk, a wild pitch, stolen base and an error.

## Regatta Coming To Lake Merced

The Small Boat Racing Association will open its 1962 racing season Saturday, April 7 and Sunday, April 8 with the opening day regatta to be held at Lake Merced. Small boats of recognized classes from yacht clubs throughout the bay area will compete in the two days of racing events.

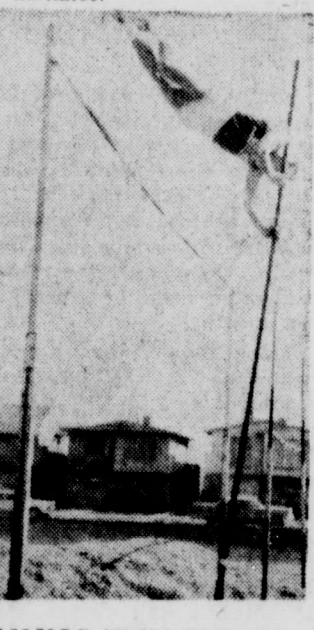

The Lake Merced Sailing Club will hold a regatta dinner dance Saturday evening, April 7 for SBRA members and their guests.

## RECREATION DEPT. READIES PLANS FOR SUMMER PLAY

The organization and planning of the 1962 Daly City summer recreation program is already underway. The staff is being selected for the program that this year will include outings, sports, classes, arts and crafts, a talent show, carnival and the annual fishing derby.

## ADVENTURE

Summertime adventure will be the theme for the outing program. As in the past, all recreational facilities will have a full schedule of outings. Thousands of Daly City youngsters have enjoyed these trips in past summer. The children will have the opportunity to spend a day at Montara Beach where they will engage in a nature treasure hunt, cook lunch and wade in the surf.

As always, one of the favorite outings will be the trip to the zoo and Storybook Land. The always interesting animals will entertain the children and then they will seek adventure in the land of Mother Goose.

A trip to Skateland for roller skating is also planned. Following the skating, there will be adventure in Playland, the thrills of the roller coaster, and play in the fun house.

Fishing enthusiasts among the younger set can again look forward to the Fishing Derby at Lake Merced. Last year's derby winner captured a 16 inch trout.

During the summer, the voices of Daly City children will ring out beneath the towering oak trees of Junipero Serra Park where they will play on the sunny hillside and along the banks of small streams.

## SURPRISE DAY

Each recreational facility will also hold a Surprise Day. Surprise Days in the past have included trips to Coyote Point and a tour of a fascinating industrial plant. June 27 will see multitudes of local children attend Candlestick Park to cheer for the Giants. Arrangements have been made for the children to be admitted free of

charge. Children will be taken to the game in buses and cars.

In addition to these activities there will be special events. Very popular among them is the Penny Carnival. This event brings the spirit of the fair or circus to the local playgrounds. Children can pop the balloon, knock over milk bottles with a baseball, hit the clown, and everybody takes home a prize. Other special events are also under consideration at this time.

## PAL Tigercubs Beat Skyline Merchants

The PAL Tigercubs of Daly City beat BYA Skyline Merchants 11-10 on Saturday. The winners scored 5 runs in the bottom of the seventh after two were out to win it. Bat stars for the Tigercubs were Sam Thomas with four hits, and Scott Ghilarducci. Tod Becholt, Jeff Long and Ray Frugoli.

## Let's Go Fishin'

BY BOB BREWSTER

Outdoor Editor, Mercury Outboards

A fly rod is a limber wand of fiberglass or bamboo, somewhere between seven and nine feet long. It can generate enough fun to satisfy almost any pleasure-seeker. Of all the tools of a fisherman, it is one of the most diversified in scope.

With a fly rod he can drop dainty trout flies on the surface of a likely-looking pool, and hope to add a trophy rainbow to his creel; he can flip bass bugs into bass-filled weed beds, and with luck entice a lunker largemouth to do battle with him.

Or he can go after smaller fish with somewhat less tiger blood in their veins, like crappie or perch, or bluegills, and still find his rod will give him a world of enjoyment.

Once in a while you will see a fiberglass fly rod being used in trolling. It looks unusual, however, to see a character chugging along with a little Fishin' Merc 110 or Merc 60, trolling a 9-foot fly rod out the side of the boat. The motors look so tiny alongside that giant fishing rod that it makes you wonder if your eyes are failing.

FASCINATING Last summer at Eagle River, in northern Wisconsin, I found a new and fascinating use for a fly rod—hooking a plastic night crawler on the line and jigging along as we drifted with the wind. It caught bass like crazy.

We found a lake near Eagle River that was clear and cold, with plenty of cover in the coves and shallow areas, cover that bass head for with all the eagerness of a housewife at a bargain counter. So we

fired up the little Merc motor and ran upwind, then drifted back just off the weed beds, as close as we could get without getting our lures hung up. The lures worked best when barely moving, the slower the better. We tried casting and reeling them in slowly, but this

was just too fast for the bass to handle. They simply refused to touch a plastic worm that was moving at anything but a fast crawl. And worms crawl slowly.

## Plant Dahlias For Summer Display

Probably nowhere in the entire United States do Dahlias thrive as they do in California. They are at their very finest in the coastal gardens, but anywhere in the state, they can give the gardener a potful of color for his summer garden.

The Dahlia is unique in the varied uses to which it can be put in our landscapes. The Dwarf Unwin varieties are sold as bedding plants and used as bedders for a mass of low, bright color. Intermediate Dahlias are planted from tubers and used for spot color throughout the border.

The large moplike beauties, tall as basketball players, are the favorites of specialists, who plant them in beds by themselves and enter the plattersize blooms in summer flower shows.

Like the Chrysanthemum, the Dahlia has been bred into a dozen different bloom types. They range from the small pom-poms to the giant, ragged cactus-flowered showpieces, and all have a place in your garden.

Dahlia tubers should be planted any time now to bloom from July until late fall. If you have never grown them before, have no qualms about planting them for the first time. They are easy to grow having the bloom built into them just as all bulbous plants do. Follow these California Association of Nurserymen recommendations, however, and you will have better than average results.

Our CAN memo on this subject says that Dahlias do well in all types of soil so long as you dig it to a depth of some 18 inches at planting time. Manure may be worked in well at this time, if the soil is poor, but it is best to wait until the tops have made some growth before you fertilize with anything else.

Water, combined with good drainage, is the most important commodity and should never be lacking during growth processes. You may top water if you must, but irrigation is always preferable. Pinching the plants as they grow encourages bushy plants, and disbudding promotes bigger individual blooms from the buds that are left.

### Basketball Champs Crowned At Colma

As a part of the Daly City Department of Recreation's general playground program, the recreation leaders at Colma school have conducted a seventh and eighth grade basketball league. These leagues terminated this week.

In the seventh grade league, the team captained by Bob Banos edged out Mike Fuller's team for the championship. The play-off for the championship was between Dan Cafferata's team (winner of the first round) and George Egan's team (winner of the second round).

Lead in the play-off game changed hands several times. Cafferata's 22 points and the rebounding of Charles Tabuchi, Con Robstaff and Earl Rocklin made the big difference. Cafferata's team won 44-30. The hard fighting losers were sparked by George Egan with 12 points and Terry Piccardo with 6.

Leagues of this type on the playground level are organized when interest in an area is indicated. They are in addition to the leagues on the citywide level and the general playground program.

For ordinary garden use, however, the CAN suggests you go lightly on the disbudding. For ordinary garden use, however, the CAN suggests you go lightly on the disbudding. For general gardening, we are more concerned with the mass rather than the individual bloom.

### Engineer Speaks

## Water Is City's Most Important Natural Asset

Water is the city's most important asset. Daly City Engineer William Chapman feels strongly about this. His favorite subject is water.

Speaking before the Daly City Rotary Club March 28, Chapman stated that everybody in Daly City has a chance to take a shower in the a.m. and drink a glass of water from the tap.

Water, he said, is at the citizen's command, but in the old days, you had to walk out to the well.

Daly City homes with dishwashers demand a higher water supply than the national average.

Over 1,000 American communities had to ration water last year, but Daly City didn't.

Chapman mentioned "Mrs. O'Leary's cow" that kicked over the lantern and supposedly started the 1871 Chicago fire which burned to the shores of Lake Michigan. The fire was unchecked, he said, because it burned over a wooden pump-house, and all firemen could do was stand there with their hands in their pockets.

Chapman said that Daly City firemen would be in the same position without adequate water at their command for fire fighting purposes.

In the U. S., Chapman added, one can travel from Maine to Oregon and have crystal clear water to drink. It wasn't always this way, he declared. In 1902 a typhoid epidemic was reported in Pittsburgh, with 1,150 cases reported.

Citing other examples, he mentioned a cholera epidemic which struck Hamburg, Germany, with barely enough persons left to bury the dead, while persons in the town across the Rhine which had a sewage treatment plant went on living safely.

This is the reason, he concluded, for the chlorine treatment of water in Daly City.

## 2 DC Youths Hurt In Crash

Two Daly City teenagers were seriously hurt Friday night, March 30 in a two-car collision on Skyline boulevard, three tenths of a mile north of Crystal Springs road.

Treated at Mills hospital for head injuries were Michael T. Blume, 17, of 89 Vale street and Roger A. Edinger, 18, of 87 San Pedro avenue.

Highway patrolmen said a southbound car driven by Blume began to "fishtail" on a curve, crossed over into the northbound lane and collided with an oncoming car driven by Nicholas C. Pappas, 41, of 266 Hillside drive, Pacifica. Also hospitalized were Pappas, with cuts and bruises and Roy Gerlach, 24, of San Francisco, a passenger in the Daly City youth's car.

**PUBLIC SCHOOLS WEEK** — Mayor Robert St. Clair of Daly City reads Public Schools Week proclamation to student body presidents. Seated left to right are Stephanie LeTourneau of Benjamin Franklin, St. Clair, and Jeff Starkovich of Colma School. Standing are Duane Kribs, (left), Jefferson High School and James Lair, Westmoor High School.

## CCPT STATE BOARD ADOPTS PROGRAM FOR FAMILY LIFE

By Sally Stein

"American youngsters are marrying at a rate that makes our country unique in the western world—and they are marrying younger. Forty-eight of every one thousand girls in this country between the ages of 14 and 17 are married," said Mrs. C. R. Davidson, CCPT Director of Parent and Family Life Education in a report at the board of managers meeting held at Statler Hilton Hotel in Los Angeles.

A special committee on ways to strengthen family life has made a two-year study, and statistics show that families are started in the early years of marriage and the median age of women when they bear their last child is 26. Births out of wedlock are increasing about 40 per cent of all mothers of illegitimate babies are under 20 years of age; about two per cent are under 15 years.

### FAMILY LIFE

The following guidelines to strengthen family life were adopted by CCPT to be used by families, schools, and communities. The first concern of the California Congress of Parents and Teachers has always been the welfare of the child and the strength of the family unit.

The Congress believes that the arts and sciences of home and family living are best taught to the child and youth by the precept of his own family. Unfortunately, not every family is able to do this. Many families in an increasingly mobile population are without roots or ties; economic factors cause many mothers to work outside the home and the younger children are often cared for by the older children; young adults are marrying at earlier ages and starting families in the first years of marriage without preparation for homemaking and parenthood. Many hasty and ill-advised teenage marriages are ending in separation and divorce; there is an upsurge of school dropouts and juvenile delinquency.

### EDUCATION

The child of the inadequate family has little opportunity for knowledge of a better home unless an outside agency can create for him an image of solid and wholesome family life. The only public agency that reaches most children over a long period of time is the school. The school has many opportunities to assist children to

gain a set of values and to acquire practical knowledge which will aid them in establishing secure and stable homes for themselves . . . in later years.

Therefore, the California Congress of Parents and Teachers will continue to support a strong coordinated program of home and family living education in the public schools. This program should: assist all children to gain a set of values and practical knowledge that will help them establish stable homes for themselves; emphasize the importance of the strength of the family for this generation and successive generations; be taught by mature,

well-qualified teachers.

The California Congress of Parents and Teachers also believes that: The facilities for training teachers and specialists in home economics and family living should be increased, not curtailed; the university research program in all aspects of home and family living should be expanded; adult education should continue to offer a program that will assist families to maintain the strength of their own homes; place emphasis on parent education especially for parents of pre-schoolers; and offer training for those in the dual role of wage-earners and homemaker.

**MANY THANKS** were extended to the Daly City Council for help given to the Village Nursery School during its search for a new location. Council members were feted at a recent Koffee Klatch. Front Row (from left) Jan Bury, Mayor Robert St. Clair and David Schappert. Back row (from left) Michael DeBernardi, Paul Masini, Susan and Margo Martin, Kathy Schappert and Edward J. Dennis.

## Fair Set At Webster

On April 11, the Daniel Webster school will hold a fair in connection with a regular meeting of the PTA.

At the fair will be exhibited products of children who have used their leisure time in constructive pursuits.

The school has made a project of encouraging children to use some of their many hours of leisure time in purposeful, worthwhile activities. In order to achieve this goal the school has held assemblies for children in grades three through sixth. At the assemblies the presentations include suggestions, examples, and demonstrations to arouse interest and to instruct.

The program of assemblies follows: Art—Mrs. Helen Cordell, art co-ordinator; health and physical activities—Mr. Dennis Huajardo, physical education co-ordinator; social studies and science—Mr. John Richard, general curriculum consultant; music—Mrs. Muriel Vint, music co-ordinator; and science—Miss Eunice Wright, fifth and 6th grade teacher.

### Shorthand Classes At SSF Adult School

Spring Quarter beginning and review shorthand classes are now accepting registrations at South San Francisco adult school.

Further your present career by learning this essential business skill, or if it is a refresher course you need, attend the review class. Gregg shorthand is offered for the beginner, but the review class is open to everyone regardless of prior training.

For further information call South San Francisco High School, Monday through Thursday, 7-10 p.m., JUno 9-6285.

## Bicycle Safety Program Held At M. P. Brown

Schwinn and Higgins, one bar and two bars were much in evidence Saturday at the bicycle safety school conducted by the Daly City and Broadmoor police departments at the M. Pauline Brown School.

The event, sponsored by the M. Pauline Brown PTA, provided safety instructions for approximately 175 children, most of whom brought with them to the school grounds their bicycles for registration with either of the police agencies.

DCPD Officer Dave Johnson and Broadmoor Chief Ray Savage conducted the bulk of the instructional period, showing two safety films and giving oral information to the young vehicle owners. A lively question-and-answer period followed.

Officer Bob Crooker of the DCPD registered bikes for his department, with the assistance of Ken Gillespie, Larry Anderson, Don Pagan and Mesdames Ellis Wiard and Kenneth Gillespie.

Each child received, in addition to a pleasant morning of safety guidance, a 24-page bicycle safety manual, printed hints on bike care and California vehicle code regulations governing use of the two-wheelers, and a membership card in the M. Pauline Brown School Bicycle Safety Club.

In accepting the membership the children pledged themselves to the following: To obey all traffic regulations, such as red and green lights, one way streets, stop signs and hand signals; To ride in a straight line; To have a white light on front and danger signal on rear for night-riding; To have satisfactory signaling device to warn of approach; To give pedestrians the right-of-way; To look out for cars at crossings and when pulling out of parking places; Not to hitch on vehicles; Not to carry another person on their bicycle; To keep their bike in good condition and to Always Ride Carefully.

The school was offered free of charge to the children and not limited to those attending M. Pauline Brown School.

### ARRESTS FOR SPEEDING

The California Highway Patrol made 27,987 arrests for speeding during January 1962, reports the National Automobile Club.

Spaulding Lake in Nevada County is a reservoir created in 1892 and named for "Uncle" John Spaulding, a former stagecoach driver.

Bob Beukers, former Senior Patrol Leader and Paul Carrara former Assistant Senior Patrol Leader were both made Junior Assistant Scoutmaster to assist Mr. Beukers in the fine and active programs set forth for the troop. Troop 343 is also very fortunate in having Mr. George Leverett doing a tremendous job as Assistant Scoutmaster, and all around co-ordinator of activities in the troop's activities.

### DRIVERS AND VEHICLES

There are 90 million drivers operating 76 million motor vehicles in the United States today, reports the National Automobile Club.

Ohio State, Big Ten basketball champions for 1962, tied the league record for free throw percentage with a .744 mark. In all, the Buckeyes led the league in six of eight categories.

## FIVE GIRLS STATE CITIZENS CHOSEN

Eighth District, American Legion Auxiliary, Department of California, is happy and proud to announce the selection of the five girls chosen by the faculty of their respective High Schools as Girls State Citizens for 1962 and sponsored by the following Units of the American Legion Auxiliary, Department of California:

(1) Irene Oleg Boutourlin, a

student at the Star of the Sea High School, and sponsored by Zane Irwin Unit No. 93, American Legion Auxiliary; Mrs. Wm. Whallon, Girls State Chairman; Mrs. Rowell Amick, Co-Chairman.

(2) Anita Flynn, a student at Mercy High School; sponsored by the Municipal Unit No. 429, Luella Hegre, Chairman of the Girls State Program; Bataan Unit No. 600, Chairman—Marion Silva; Bayview Unit No. 502; Chairman—Sara McKee.

(3) Robin Walsh, a student at Lincoln High School; sponsored by Parkside Unit No. 505, Burdelle Linoberg, chairman.

(4) Kristina and Klinger, a student at Presentation High School, sponsored by four units of the Eighth District, American Legion Auxiliary: Sportsman Unit No. 99; Ellen Torgerson, Girls State Chairman; Golden Gate Unit No. 40, Chairman Helen Sharkey; Greater Mission Unit No. 347, Chairman—Treva Weiford; and Marina Unit No. 348, Chairman—Juanita Larkin.

(5) Barbara Romero, a student at the Notre Dame des Victories High School; sponsored by the 363rd Unit No. 408; Chairman—Madelyn Carr; and S. F. Naval Shipyard Unit No. 737, Chairman—Irene Pence.

The girls selected must return to her high school and graduate in her senior year. Girls must be prepared to appear before their student bodies in the fall with a full report.

The Eighth District, American Legion Auxiliary, Department of California, is proud and happy to sponsor and welcome the above named girls as the 1962 Girls State Citizens, who will be our representatives from the Eighth District at the 19th California Girls State Session to be held at the University of California Davis Campus, June 18th to 26, 1962.

The Girls State Program is a project in practical Americanism and citizenship training sponsored by the American Legion Auxiliary, Department of California.

## YW Gals Make Hats

Make your own Easter bonnet this year at the April 9 meeting of YW-Wives. Mrs. Marjorie Jackson, professional milliner and model for Le Poulet and Le Boeuf Restaurants, will present a hat fashion show and help the members make their spring hats or veils.

Interested women are invited to come and watch, or join others in making their hats at the Westlake Bowl from 10:00 to 11:30 a.m. The fifty cents charged per meeting also includes nursery privileges.

## Tops Asks For New Members

TOPS hope to obtain new members for an organized chapter of the Tops Goal Diggers. TOPS stands for "take off pounds sensibly," and is for women with a serious weight problem who need to lose 20 pounds or more.

The purpose of TOPS is primarily to help the overweight who are sincerely interested in losing pounds sensibly.

It is based on the principle of "group therapy" getting together a group of people who have a problem in common and discussing it frankly without fear of being laughed at or misunderstood. TOPS is not a course of a few weeks or months duration. It is a well planned, continuing program dedicated to helping the overweight.

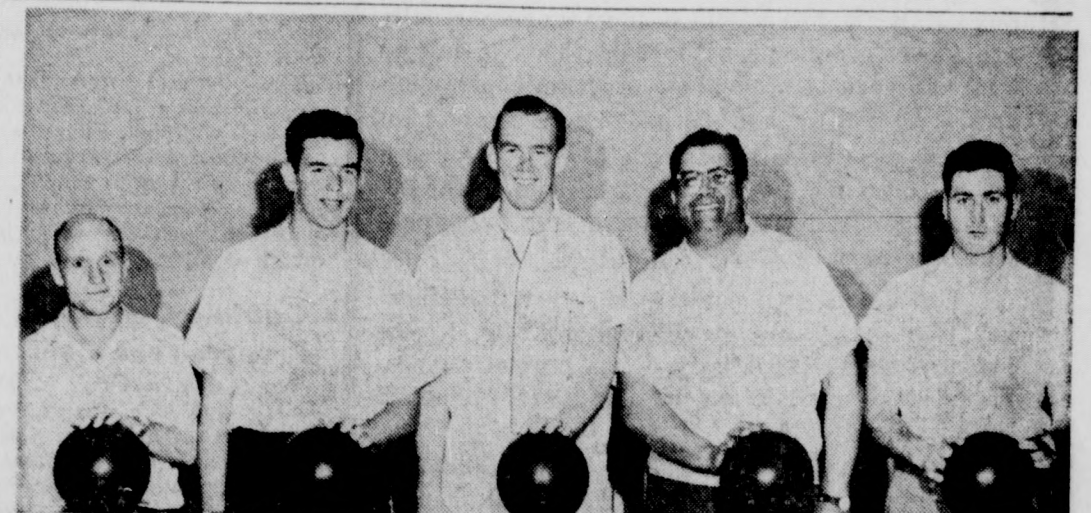

Those interested may call: Mrs. Elsie Berg at DE 3-6525 or 216 Winchester St., Daly City.

## Serra Highlands Candidates' Night

Serra Highlands Improvement Association, in conjunction with the Winston Manor Improvement Association, is sponsoring an all candidates night to better acquaint the voter with the candidates for South San Francisco city council.

The meeting will be held April 6 at 8 p.m. in the Alta Loma School multi-purpose room at Del Monte near Romney. Refreshments will be served following the speeches.

Don Fralli, president of SHIA, will officiate, assisted by Ray Banier of Winston II.

## SAN FRANCISCO BOWLING ASSOCIATION 1962 Bowling Tournament 1962

MEMBERS OF THE A. T. Emmerton Company team from Westlake Bowl are proud winners of the San Francisco Bowling Association annual city tournament. Shown from left to right are team members Tom Acerbis, Rich Clatt, Larry Schultz, Ted Braan and Joe Donelhue. The team members will be feted at a dinner at Westlake Bowl next week.

**LIKE WOW!** Ed Cuevas and Dario Baciocco exhibit fantastic creativity and infinite patience in their decoration of the Our Lady of Mercy parish hall, in preparation for SPACE-O-RAMA to be held on May 3, 4, 5, 6. The two men are pictured here working on the "world," 20 feet in diameter, which will be suspended from the ceiling in the center of the parish hall. (Photo by Charles Blagdon)
